REV. J. S. BLACK—APPLICATION PRESBYTERY MONTREAL.

Black, Rev. J. S. Appl'n Presbytery of Montreal.

There was presented and read a memorial from the Presbytery of Montreal, setting forth, in substance, that the congregation of Erskine Church, Montreal, were unanimously desirous of giving a call to the Rev. James S. Black, as junior pastor; that as Mr. Black was now a Congregational Minister, the law of the Church, strictly applied, would prevent his reception into full standing as a Minister of this Church till after the meeting of next Assembly; that so long delay to fill the vacancy in Erskine Church would be injurious to the congregation; that the Rev. Mr. Black had made application to be received as a Minister of this Church, signifying at the same time his readiness to accept in good faith the Standards of the Church; and praying the Assembly to instruct the Presbytery of Montreal to issue circular letters in the usual form to the other Presbyteries forthwith, and to give authority to said Presbytery to receive Mr. Black as a Minister of the Church in the usual way, no objection being lodged in the Clerk's hands at the expiry of two months from the issuing of such letters.

Testimon'ls.

The Memorial was accompanied by several testimonials to the literary and theological standing of Mr. Black, and other papers bearing upon the doctrinal views of the Church with which he is connected. These papers were read.

Application supported.

The minutes of Presbytery transmitting the memorial stated that Drs. Taylor and Burns, and Mr. John Brodie, had been appointed to support the memorial before the Assembly. Dr. Taylor, Dr. Burns and Mr. Brodie were heard.

It was moved by Mr. Hugh Young, seconded by Mr. G. CONFERENCE.

Conference.

The Assembly, at eleven o'clock, received the Synod of the Presbyterian Church of Canada in connection with the Church of Scotland, into conference, as previously arranged, on the subject of union. After sitting for some time the conference rose, and the Assembly resumed.

Report of Chairman of Conference.

The chairman of the conference, the Hon. J. McMurrich, reported to the Assembly that a communication in writing, from the aforesaid Synod, respecting the matters communicated to

the Synod by this Assembly, on Saturday last, on the subject of union, had been presented to the conference and read, and was now laid on the Assembly table. The communication is as follows:—

Communication, &c.

"At Ottawa, and within St. Andrew's Church there, Monday, the eighth day of June, one thousand eight hundred and seventy-four years:—

"Which day the Synod of the Presbyterian Church of Canada in connection with the Church of Scotland met pursuant to adjournment, and was constituted with prayer.

"*Inter Alia*—

"The Synod having considered the communication of the General Assembly of the Canada Presbyterian Church, in the conference held on Saturday, and contained in a Minute of Assembly which has been laid on the table of the Synod, and is as follows, viz:—

(See resolutions on Union, adopted by the Assembly at the 9th and 10th Sederunts, and communicated to the Synod at the Conference on Saturday.)

"Resolve—

"1. That the Synod entirely approve and willingly accept said Preamble to the proposed Basis of Union, both as being suitable and becoming in itself, and as being entirely in accordance with the style and language of the Church of Scotland on all great and solemn occasions in its history.

"2. That the Synod consent to the omission from the basis of the fourth article, as containing only a matter of detail, in regard to which there is no reason to apprehend that there will be difference of opinion in the united Church. But as the said article is expressive of Christian affection towards the whole Church of God, and a desire to hold fraternal intercourse with it in its several branches as opportunity offers, they would be glad that the substance of it were placed, as originally intended, among the supplementary resolutions.

"3. That the Synod, though having been willing to accept the seventh resolution if necessary, to a harmonious union, have always deemed it unnecessary, and cordially agree that it be withdrawn.

"4. That the Synod record their great satisfaction with the spirit of the conference on Saturday, and the clear and candid explanations then given of the views of the Assembly.

"5. That these resolutions be communicated to the General Assembly of the Canada Presbyterian Church, by the Synod."

"It was further resolved—

"That the General Assembly of the Canada Presbyterian Church be requested to appoint a committee to meet with a Committee of this Synod, to revise the resolution respecting fraternal relations with other Churches, and to prepare a form of Remit on the Basis and accompanying resolutions, for the consideration of the inferior judicatories and congregations of both Churches, and that members of the former Union Committee be appointed to meet the Committee which the General Assembly may appoint."

said that, in addition to the resolutions contained in the written communication submitted, he was charged to state that the Synod had subsequently agreed to accept the Assembly's action with regard to the eighth resolution annexed to the basis on the Temporalities Fund, namely, that the Assembly desired to leave the whole disposal of said fund in the hands of the Presbyterian Church of Canada in connection with the Church of Scotland, and that the Synod had taken action for the disposal of said fund in the way indicated by the Assembly's resolution.

HOME AND FOREIGN MISSIONARY OPERATIONS.

The united Church will heartily take up and prosecute the home and foreign missionary and benevolent operations of the several Churches, according to their respective claims; and with regard to the practical work of the Church and the promotion of its schemes, whilst the General Assembly shall have the supervision and control of all the work of the Church, yet the united Church shall have due regard to such arrangements, through synods and local committees, as shall tend most effectually to

PROFESSORS' SALARIES—REPORT ON.

The committee appointed last year to take into consideration the whole question as to Professors' Salaries, presented a report, which was read for the convener, Dr. Topp, by Dr. Taylor, and is as follows:— Prof's s'laries—report.

Your committee having fully considered the matter remitted to them, are unanimously of opinion that it is the duty of the Church to make provision for the more comfortable support of the professors in our theological colleges. The Church has called them to occupy a position of great importance to its interests; they have to reside in the two principal cities of Ontario and Quebec, in which the cost of living, as indeed throughout the whole Dominion, is largely increased, and their present salaries, in these circumstances, are confessedly inadequate for the suitable maintenance of themselves and their families; and accordingly, your committee recommend to the Venerable the General Assembly that the salaries be for Knox College:—

Principal Caven	$2,700
Professor Gregg	2,500
Professor McLaren	2,500

For Montreal College—

Principal McVicar, with a residence,	2,500
Professor Campbell	2,500
Professor Coussirat	1,600

All which is respectfully submitted,

(Signed.) ALEXANDER TOPP,
Convener.

The report was received. Report rec'd.

It was moved by Mr. Hugh Young, Elder, seconded by Dr. Proudfoot, that the report be adopted. Motion.

It was moved, in amendment, by Mr. John Ewing, seconded by Mr. J. W. Smith, that the report be not adopted. 1st Amend't.

It was moved, in further amendment, by Mr. Thomas Wardrope, seconded by Mr. John McTavish, that the Assembly recognize the desirableness, and even necessity, of an increase in the salaries of the professors, but, inasmuch as the moral influence and the consequent efficiency of a vote in favour of the proposed increase must depend on its being passed with some good degree of unanimity, and in a full house, and inasmuch as three-fourths of the members are now absent, defer the consideration of this subject till the adjourned meeting in November. 2nd Am'nd't.

Votes—rep't adopted.

Votes being taken, the amendment of Mr. Wardrope was first carried over that of Mr. Ewing. On a second vote the motion of Mr. Young was carried by a majority over the amendment of Mr. Wardrope. The yeas and nays were called for, when the motion of Mr. Young to adopt the report, was affirmed by a large majority, and the Assembly decided to increase the professors' salaries in terms thereof.

SYSTEMATIC BENEVOLENCE.

Systematic benevolence—report on.

The Committee on Systematic Benevolence, appointed last year, presented a report, which was read by the convener, Dr. Holden. The report stated that the committee had, as instructed, prepared a pastoral letter, which had been published in the *Record* and distributed as a circular ; that the Presbytery of Montreal had arranged for publishing a number of tracts on this subject ; that through the liberality of an esteemed Elder, Mr. Warden King, twenty-five thousand copies of one of these by Professor Campbell, on "The Duty of Giving," had been printed and forwarded to Presbyteries for circulation ; that other tracts would be issued as soon as funds should be furnished to meet expenses ; and that of a fourteen page tract by Dr. Burns, entitled "A Plea for the Lord's Bag," ten thousand copies had been published, a benevolent friend furnishing the means. The committee further suggested that a Committee on Systematic Benevolence should be one of the standing committees ; and expressed the hope that, through the better instruction of our people in the Scriptural principles of giving, none of the schemes of the Church should suffer for want of the necessary funds.

Report rec'd.

The report was received and thanks tendered to the convener.

Committee.

A Committee on Systematic Benevolence was then appointed as follows :—Messrs. Thomas Wardrope, J. McCall, J. Hastie, Ministers ; Warden King, T. W. Taylor, Hugh Young, and Dr. Holden, Elders ;—Dr. Holden, convener.

HOME AND FOREIGN RECORD.

H.& F. R'crd—report.

Mr. D. H. Fletcher, the convener of the Committee on the *Home and Foreign Record*, handed in and read a report stating that the circulation of the *Record* had increased during the year from 8,000 to 12,600 copies, or nearly 60 per cent. ; that the receipts had been $3,061 28 ; and the expenditure $3,049 10, leaving a balance of $12 18. The committee expressed gratification with the results of the changes introduced last year, and in order to secure an increased diffusion of missionary intelligence, suggested :

1. That sessions and boards of management be strongly recommended to supply every family in their respective congregations with a copy of the *Record*.
2. That the conveners of the various mission committees be instructed to furnish the Editor, from time to time, with such communications as may tend to enlarge the sympathies of our people with the different departments of work in which the Church is engaged.
3. That the Editor, as formerly, be instructed to abridge, as he may deem necessary, the reports of the proceedings of Presbyteries, in order that more space may be devoted to missionary intelligence.

Report rec'd & adopted.

On motion, the report was received and adopted, and the thanks of the Assembly were tendered to the convener for his diligence.

LICENSURE—APPLICATIONS OF PRESBYTERIES.

Licensure.—Leave gr'nt'd Presbyteries.

There was taken up and read the report of the Committee on the Applications of Presbyteries for leave to take Students of Theology on Trials for License in terms under written.

The following students were reported as having completed their theological curriculum, and twenty-one of them as having satisfactorily undergone the required preliminary examination, viz :—

I. From the Presbytery of Montreal.
1. E. F. Torrance, B.A. 2. James Cameron, B.A. 3. Robt. Watt. 4. T. Brouillette. 5. J. Cochrane.

II. From the Presbytery of Ottawa :
1. James Bryant.

III. From the Presbytery of Kingston :
1. R. W. Leitch.

IV. From the Presbytery of Ontario :
1. John Campbell. 2. Hector Currie.

V. From the Presbytery of Toronto :
1. Isaac Campbell. 2. John R. S. Burnett. 3. Robert Thynne. 4. Thomas Fotheringham. 5. D. McKeracher.

VI. From the Presbytery of Simcoe :
1. Dr. J. B. Fraser.

VII. From the Presbytery of Guelph.
1. Simeon W. Fisher. 2. Gilbert G. McRobbie.

VIII. From the Presbytery of London :
1. Barnabas Lyman. 2. John Somerville. 3. Hugh McKellar.

IX. From the Presbytery of Owen Sound.
1. H. H. McPherson, M.A.

X. From the Presbytery of Huron :
1. Thomas Thomson.

Of these twenty-two applications, two have certain specialties, namely, those in favour of Messrs. D. McKeracher and Thomas Fotheringham. Mr. McKeracher has been appointed by the General Assembly's Home Mission Committee to labour for two years at Prince Arthur's Landing. The Presbytery ask that the usual preliminary examination be dispensed with, on account of his labouring at such a distance in the service of the Church ; and that leave be given to the Presbytery to take him on public probationary trials for license, as also thereafter, if satisfied, to ordain him.

With reference to Mr. Fotheringham, it is certified that he had attended two sessions of the theological course in Knox College, and one session in the University of Leipsig, Germany, and the Theological Hall of the United Presbyterian Church in Scotland. The best testimonials are given as to his character and qualifications.

The Committee unanimously agreed to recommend that the leave asked be granted to the respective Presbyteries, to take the students named on trials for licen-e ; that the exemption asked be granted in Mr. McKeracher's case, and that Mr. Fotheringham be held as having completed his theological curriculum.

Report rec'd and adopted.

The report was received and adopted, and the leave asked granted to the several Presbyteries in terms of their respective applications.

REPORT

OF THE

HOME MISSION COMMITTEE,

CANADA PRESBYTERIAN CHURCH,

FOR 1873-'74.

REPORT

OF THE

HOME MISSION COMMITTEE,

CANADA PRESBYTERIAN CHURCH,

FOR 1873-'74.

The Home Mission Committee in presenting to the General Assembly their Annual Report, desire to express their gratitude to Almighty God for the large measure of success that has crowned their efforts during the year. In no former period of our history as a church, has such an amount of mission work been accomplished, or with more gratifying results.

Your Committee have from time to time by deputations and special appeals endeavored to awaken increased interest in our Home Mission work. They regret, however, that the increase in the funds—reasonably expected and absolutely necessary if our Church is to retain her present position and occupy new fields—has not been fully realised. The result is that the close of the financial year finds the Disbursements in excess of the Receipts to the extent of $149.52. The contributions from all sources is $20,581.27, while the expenditure is $20,730.79.

It has only been by the strictest economy, and the refusal of many new applications, that a much larger deficit is not reported. This economy your Committee feels assured has not always been justifiable, and cannot be continued without danger to our Missionary interests. It ought not to be necessary were the members and adherents of our church alive to the importance of Home Mission work. The contributions of 50,000 members should be such as to place the Committee in a position to fill every new opening without being restricted by the fear of debt. As the case now stands, for eight months in the year, the Committee, in order to meet pressing obligations, have to borrow large sums of money, trusting to forthcoming collections to discharge their indebtedness. How to meet old claims, without entering into new engagements, is all that can be done in present circumstances.

The following tables show the amounts contributed and expended by the several Presbyteries, as contrasted with the year 1872-73.

In addition to the sum credited the Presbytery of Manitoba in the above tables, the Mission Stations in that Province have contributed during the year $445, towards the support of Missionaries, making a total from that Presbytery of $547.30.

It will be seen from the foregoing tables that several Presbyteries have fallen below their contributions of 1872-73. Those that have increased their contributions over 1872-73 are: Montreal, Toronto, Brockville, Cobourg, Ontario Simcoe, Hamilton, Guelph, Paris, Stratford, London, Huron, Owen Sound, Durham and Bruce. There may be good reasons fer the very small increase in some Presbyteries, and for decrease in others, as contrasted with last year. Should such a retrograde movement however continue, your committee will be under the necessity of abandoning most important fields, where Missionaries have been sent. under instructions of the assembly. The expenses of permanent Missionaries in the Lake Superior region, and the constantly increasing demands of the Province of Manitoba, call for a *very decided increase* in our funds for the ensuing year.

The total receipts for Home Missions for the year 1873-74, is as follows:

Knox College Missionary Society,	2 385 22
Montreal " "	1 009 47
Mission Stations in Manitoba,	445 00

DETAILS OF MISSION WORK 1873-74.

BRITISH COLUMBIA.

Your Committee have not succeeded during the year in obtaining another Missionary for British Columbia. As only one application was made, they did not feel warranted in making an appointment. Mr. Jamieson still occupies New Westminster and the adjacent stations of North Arm and Langley. Very little progress has been made during the past year. In a letter received from Mr. Jamieson since the April meeting of the Home Mission Committee, he says: "I have been engaged during the past year in conducting services at the usual stations. These have been so often reported upon, that it is unnecessary to repeat them. The changes are very few. There has been some increase to the population, but few of them belong to our church. I have had, however, more than the usual amount of discouragements to contend with. But for the great disappointment in the railway, one might reasonably have expected to see a different state of affairs throughout the Province, and a consequent increase of more encouraging material for religious organisations. * * * * The floating character of the population demands the exercise of more than ordinary faith. While there has been much toilsome labor, the past twelve years, there has been little or no opportunity for interesting results. Ours is in fact an itinerant mission, with this difference, that while the minister is stationery the people are constantly moving. It would not, however, be right to conclude that our labor or the expenditure of so much money by the church have been in vain, because our membership and attendance are comparatively small at any time."

The financial statement submitted by the managers of the congregation from January 1st, 1873, to March 31st, 1874, is as follows:—

The last General Assembly fixed Mr. Jamieson's salary at $1,000 in addition to the $600 which it was expected the congregation would raise. Of the amount, as will be seen by the financial statement, only $463 has been paid. Mr. Jamieson writes that on this account, coupled with the high rate of living, he has incurred a good deal of debt to several parties for supplies of necessaries, besides using a legacy of $200 left him by a member of the church, which otherwise would have been invested for future want. Accompanying the financial statement, the Committee of the church sent the following communication, which may guide the Assembly in its action regarding the Mission:—

NEW WESTMINSTER, B. C., 13TH MARCH, 1874.

SIR,—I am directed by the Committee of St. Andrew's Church to forward to you the enclosed statement of receipts and expenditure of the Mission Station here, in connection with the Canada Presbyterian Church, and at the same time to lay before you some facts relative to the present and prospective state of the Mission.

As the statement will show, the total amount paid as salary to our pastor, Rev. R. Jamieson, since the begining of 1873, is, $463, this, with the $1,000 per annum, which he receives from the Canada Presbyterian Church, makes $1,713 for fifteen months, an amount altogether inadequate to his support, in this country, where many of the necessaries of life are so expensive; nor can the Committee hope to raise a much larger sum during the year upon which we have entered. The congregation in the city, from which a large proportion of the revenue is drawn, is, however, increasing steadily, though slowly as yet, and the Committee trust that, prospering with the prosperity which has lately begun to dawn upon the Province, the Presbyterian Church in New Westminster will soon see brighter days.

The Committee feel sure that you would regret to see the work of the church here abandoned, the majority of the different congregations gathered into other folds, and the labor and expenditure of so many years lost; yet, failing additional help from the mother church, it is difficult to see how this deplorable result can be avoided. The Committee would, therefore, respectfully ask you to consider carefully the following proposition, viz: That the Canada Presbyterian Church should make good last year's deficit ($137) and make an allowance of $1,200, instead of $1,000, for the years 1874 and 1875. This will involve an expenditure, in excess of the amount provided for under the present arrangement, of a little more than $500, and will, we confidently believe, be the means of maintaining and establishing, in this distant corner of the earth, a representative of our beloved church.

The Province of British Columbia, owing to causes, into a statement of which it is imposssible to enter here, was in a very depressed condition at the time of its confederation with Canada. From that depression it is now recovering. Large public works are being undertaken both by the Dominion and Provincial Governments; new settlers are constantly arriving in the country, and a healthier tone pervades the entire community. These things make it peculiarly desirable that the work carried on for so many years, under great difficulties and at great expense, should not be abandoned now, when, so far as human eyes can see, the harvest is at hand.

MANITOBA.

The Committee are able to report encouraging progress in the North-West. Mr. Ure, of Goderich, and your convener, visited the Province last July in reference to the location of the Manitoba College, and while prosecuting their special mission, embraced the opportunity of preaching in nearly all the stations, and assisting the brethren in evangelistic work. But for the entire failure of the crops in certain localities, rendering the people unable to give for ordinances to the extent expected, a much larger amount would have been contributed to the Home Mission Fund. The Mission stations of Little Britain, Headingly and Parks Creek, and the new settlements of Rockwood, Springfield and Sunnyside, are all within the region, which had no harvest on account of the grasshopper visitation, and hence were much crippled. From the annual report presented to the Presbytery of Manitoba, by Prof. Bryce, and subsequently laid before the Home Mission Committee, the following extracts are made, indicating the progress of the various stations during the past year.

Winnipeg.

Winnipeg, as the locality that has received the greatest addition to its population during the past year, has advanced most rapidly in church matters. The congregation has gone on steadily increasing, and has added thirty-four to the roll of members during the year, and has thus received in all eighty-five members. It may be mentioned that; without doubt, the number would have been considerably increased but for the congregation being without a settled pastor.

The congregation has so increased that it was found necessary, in November, to add a wing, so that now the church holds about 350 persons. It has about eighty families and one hundred single persons. The pews are nearly all let; the congregation is influential, and has been energetic and liberal during the past year. As it has declared its intention of being self-supporting it now comes under the head of "Vacant Congregations." The expenses of one candidate ($120) were paid. The amount due to Mr. Moodie, for the first three months of the church year, as assistant to Prof. Bryce, of $150, was paid, and the congregation is paying for the present supply from the Home Mission Committee at the rate of $1,500 per annum. The total contributions for all purposes from March 31st to March 31st for the congregation may be set down at $2,300. After meeting what the congregation considered its fair share of expenses, it was decided at the annual meeting to make a donation of $400 to Prof. Bryce for the attention shown by him in beginning and managing the congregation. This was the more acceptable that the high rate of living in Winnipeg requires it. The resolution adopted at the meeting was as as follows: "That this congregation tender their hearty thanks to Rev. Professor Bryce for his zealous and assiduous services on behalf of the congregation, in the pulpit and otherwise, and as a token of their appreciation thereof beg to tender him the sum of $400 to be paid from the ordinary revenue of the church." The congregation, during the past year, chose three elders, who were ordained and inducted, and Prof. Bryce as moderator of session has still a supervision of the congregation. A Missionary Association has been formed in connection with the congregation, and a strong committee of the congregation for giving advice and assistance to immigrants did good service. The Sabbath School, from a mere handfull a year ago, has grown with great rapidity; it has now a well organised and capable staff of twelve teachers; it has eighty scholars; it uses the international series of lessons, and is well supplied with books, catechisms and Sabbath School literature; its teachers have monthly meetings, and the regular, stated sermon is preached to the children.

The supply of the past year has been considerably varied: Messrs. Ure and Cochrane, Commissioners to Manitoba; Messrs. Macdonnell and Carmichael, Rev. Mr. Smith, of Fond du Lac; Rev. Dr. Clarke, and Rev. Mr. Robertson, have each done good service. Of the $2,300 raised during the year by the congregation, $1,000 has been expended in additions to the church.

Within the last twenty-one months between $1,800 to $2,000 have been expended in building and clearing off the small debt previously on the church. The church is now unencumbered. The Trustees have taken steps to obtain the title from the Hudson Bay Company.

Little Britain and Park's Creek.

This congregation, under the care of Rev. Mr. Fraser, has done moderately well during the past year. $100 toward the Home Mission Fund was the utmost the Presbytery could obtain on account of the harvest being an absolute failure and almost all depending on this as their only resource. It is presumed the people will have some difficulty in living the winter through comfortably. They have with unusual zeal gone forward with a very substantial stone church, which was very much needed; upon which, however, there is remaining a debt of $1,500. This point is the probable site of a town, and the hold thus taken by the erection of a good church is not only a present advantage but a considerable prospective one as well. The congregation has added, between the two stations, Little Britain and Park's Creek, fifteen to its roll during the past year.

Rockwood.

When the report was given a year ago this station was reported as about to begin a church. The church is erected, though not finished in time for services during the present winter; the congregation here is not large, but the position is a very important one as being the key to a large extent of country, of thirteen townships open to settlement. To the north of it are the Townships of Victoria and Greenwood, where twice during the past winter we had service and which promise to be important fields. West of Rockwood also is a new settlement, *Woodlands*, where we have never had service. In Rockwood we have maintained a regular fortnightly service for the past year.

Springfield and Sunnyside.

Since last year Sunnyside has been added as a new station. Although this region has a small Episcopal Church erected in it, we have almost exclusive command of the people. These townships have organized as a municipality. The establishment of the second station has had the effect of retarding the erection of the church which was planned last year; it has been found necessary to have two churches, and matters are now clear and favourable for such a result. It may be necessary to explain that in the prairie settlements the fixing of sites is a most difficult matter. The tendency to scatter among the settlers in a country where there is a road in any direction is marvellous and seriously affects rapid advance in the formation of congregations. It was found necessary on account of the importance of this field to remove Rev. Mr. Donaldson from Headingly and station him at Springfield. This cannot fail to be most advantageous for this locality. Already the Springfield church is under way and will be fit for service by the middle of summer. Sunnyside has also decided on building a church of its own. Should a year or even two years from now see two churches and two fair congregations in this region, it must be confessed that this will be a rapid development, when it is considered that the settlement is not two years old yet. During the past year the congregation was formed, communion dispensed and a Roll containing nine communicants made out. This congregation has pledged itself to raise $150 next year and in all probability this will be exceeded.

Headingly.

This station has just about held its own during the past year. It has at present no station which can be connected with it; although a reference to the map will show that it is the nearest point to what is likely to be a good

settlement, "The Boyne." For nine months of the past year the Rev. Mr. Donaldson has supplied this congregation and has paid two visits to the Boyne thirty miles away. About New Year it was found necessary, as already noted, to remove Mr. Donaldson to Springfield. Since that time Headingly has been supplied every Sabbath: although fifteen miles distant from Winnipeg, the journey has been made in all kinds of weather, without a failure. At no time a very hopeful congregation it has maintained its place fairly. During the past year Sabbath School and the regular ordinances have been maintained and the communion dispensed.

Headingly has been charged with the amount deducted from Mr. Donaldson's quarterly salary, and as being in the *famine district*, has probably done its share, at least as well as we have ever yet been able to induce it to do, by raising $75.

Boyne.

As will be seen by the map this is an isolated settlement. Could we occupy it the people are prepared to put up a little church, and we could count on probably the greater part of the settlement. Our plan of supplying it would be to have a missionary able to endure hardship stationed at Headingly, to go on alternate Sabbaths to the Boyne, and have on that Sabbath Headingly supplied from Winnipeg. As soon as spring opens should the supply of men be great enough, we intend doing what we can for this district.

Poplar Grove, &c.

This is the first of the settlements on the Lake of the Woods road east from Winnipeg. We have during the past winter held service on a few occasions at this point. From the colporteur of the Bible Society, who is a Kildonan elder and who made a religious census of the new settlements, we learn that there were fifty-one Presbyterians, old and young, in this district last summer, *i. e.*, in the region over some thirty miles. The settlements, of course, are only beginning. This region, lying as it does on the Dawson route and on the probable line of one of the first branches of the Canadian Pacific, will soon be filled with settlers. All that we can do for this region must be from Winnipeg for some time, unless we can have an itinerant missionary employed.

Portage La Prairie, High Bluff, and Burnside.

These three points have all been under the care of the Rev. Mr. Mathieson. There has been a good deal of development in this field, particularly in the western part of it. Poplar Point, where we have a few people, has been occasionally supplied.

High Bluff is a good station: has spent a considerable amount upon its *church and manse* combined, and will, it is hoped, have them ready for occupancy during the present summer. A grant from the Building Fund has been made to this congregation. This congregation has a glebe of some fifty acres. The missionary supplies this station fortnightly.

Portage La Prairie. This congregation is not very large, but worships in its own church, and has service every Sabbath: it is an important point and has a new settlement rising a few miles north of it.

Burnside, though the newest, is the strongest station of this group: it has developed very much during the year. A church is now being erected there: the material is mostly upon the ground and the application has been made to the hurch Buliding Fund.

In this group of stations elders were elected and the whole constituted a congregation. All the elders (6) elected have not accepted, but last week those who did were ordained and inducted, and the first session in our western district thus organized, the first of many more to be. An application for a division of this extensive field was made at last meeting of Presbytery and a deputation consisting of Messrs. Robertson and Frazer was appointed to visit them, with explicit instructions that unless the field contributed largely in excess of present amounts we could not afford them another missionary. During the past year the amount to be raised by this group of stations was $270, and this has been deducted from the salary of their missionary in his quarterly payments. The deputation appointed to visit these stations has just returned, and reports encouraging things, viz.: that the group of stations will raise at least $600 during the coming year. At next meeting of Presbytery we hope the field may be divided, as it is *very extensive for one* missionary.

Palestine, Pine Creek, and 2nd Crossing (White Mud.)

In this region Rev. Mr. McNabb was laboring successfully until poor health compelled him to resign. After his removal, with the exception of two Sabbaths' preaching, we were unable to give this region any supply until the coming of Rev. Mr. Robertson in January. The Home Mission Committee, in order that Knox church might have an opportunity of hearing the Rev. Dr. Clarke, who had been supplying Knox church for about a month before Mr. Robertson's arrival, sent the latter gentleman west for five weeks. Mr. Robertson with great energy and acceptance visited the field, encouraged the people and brought down to the Presbytery a petition signed by nearly ninety persons praying to be organized into a supplemented congregation. This settlement of thirty scattered families are willing to contribute about $325 in the first year and wish to call a minister, which the Presbytery encouraged them to do. From what has been said in regard to this western district the Committee may see that a way is opening up for us of getting congregations out of the leading-strings of being mission stations, and of encouraging them to move towards supporting their own ministers. We shall, we trust, be able in the coming year to get several congregations on their own feet in this way.

1.—Winnipeg is so already (raising $1500 per annum).

2.—Palestine, &c., (promises $325 for first year).

3.—Burnside and Portage La Prairie (promise $400 for first year).

4.—High Bluff, Poplar Point, &c., probably (only $200 promised yet).

5.—Headingly and Boyne (probably $300—$150 each).

6.—Little Britain, &c., (almost certain of $300, but on account of the famine we can do nothing with them just now).

7.—Springfield and Sunnyside (certainly $150).

In all probability at next meeting of Presbytery we may make some suggestions towards working out a scheme of managing those congregations that will call and become supplemented charges. It has required much perseverance and patience with some of them, but matters are looking favourable now. It would not be just to pass without notice Rev. Mr. Robertson, in this connection, who has in the few weeks of his visit west done invaluable service.

In order to accomplish these ends we need more men: and if we succeed there can be no doubt that much advancement will result. As before urged by the Presbytery, we need three more missionaries, and will, we trust, be able to sustain at least two of them, with our increased contributions, on a sum not greater than that drawn from the Fund during the year now closing.

Educational Work.

Our College Board and Senate will report fully to the Assembly. We may merely advert to the College work. Prosperity has been again vouchsafed to us: thirty-four students have this season been entered on the roll, and the work done has been the most satisfactory in the history of the College. Our differences of opinion in regard to the site of the College have not injured it at all, and the removal, should the Assembly so decide, will take place under the most favourable auspices. Our *Ladies'* School (not in formal connection with the Church) has also been very successful. There have been in attendance thirty pupils this year. Fees from it will reach nearly $1000 this year; but our expenditure in beginning, keeping up, and paying teachers' salaries (over $800 for salaries alone) is heavy: we have to acknowledge gratefully assistance sent us from home. The religious census of pupils in attendance has been: Presbyterians, ten; Roman Catholics, ten; Church of England, seven; Wesleyans, three. Not only have we reclaimed most of the Protestant girls from the Nun's School, but it will be observed we have carried the war into the enemy's country. We insert a paragraph from the leading paper of the country, for last week, conducted by one not connected with us at all, and showing the public sentiment. It says:

"'Manitoba College,' under the auspices of the Presbytery, located at Kildonan, four miles from Winnipeg, might be rated with the best Ontario High Schools, or even Upper Canada College, of Toronto. It prepares students for matriculation and though but three years in existence, is doing a large amount of work. The fees are very reasonable. 'Winnipeg Ladies' School' is an incorporated institution founded by the Presbyterian Church, and provides a superior education, embracing, besides the more solid branches, all the modern accomplishments."

Church Property.

Just a year ago the Bill introduced by the Government, at our suggestion enabling us to hold property by Trustees, was passed. Trustees have been appointed and in most cases have taken the steps necessary for procuring titles. Knox Church, Winnipeg, has not yet received its title though occupancy before the transfer ensures us possession, and we hope within three months to have our limits defined—an important matter as the land on which the church stands is worth from $3000 to $5000 per acre. At Headingly we have taken the necessary steps; at High Bluff we have made our sworn affidavit. At Portage La Prairie our church is built on a small lot, for which we have made application. It is a disputed claim, but we are likely to hold our own. At Palestine the young and spirited congregation has under contemplation the buying of the McNabb property of 160 acres, with a house on it. At Rockwood and Springfield we have bonds for deeds for our church sites. Kildonan and Little Britain have not yet moved in the matter.

Church of Scotland Missionaries.

Under the happy arrangement of 1872 there have been working in concert with us the missionaries of the "Presbyterian Church in Canada in connection with the Church of Scotland." We are grateful to your committee for the grant of $200 per annum to Prof. Hart, although it is but a small recompense for the service rendered. Prof. Hart has endeared himself to us all. His services in the College have been invaluable; and his regular and willing help in the mission stations has given us every reason to be satisfied with the arrangements made. Whatever the state of the union question after the Assembly, we trust we may still work together in the common ground of the College; believing that should the union not be consummated at once, it is at least certain within a few years.

The Rev. Dr. Clarke, the second missionary of this church, arrived in this Province in the middle of December, 1873. As there was no minister to supply Knox church, Winnipeg, though another had before this been sent for, Dr. Clarke supplied the congregation for two months and a half. Our cordial thanks are due for the service rendered at such a necessitous time. Dr. Clarke has been sent for a few weeks to Little Britain, to supply the place of Rev. Mr. Frazer, who has gone for the meantime to Palestine.

From the foregoing it is evident that there has been a great outward advance during the year. We regret not being able to do more for the Home Mission Fund; but the unfortunate failure of the crops is our reason. As already stated, the prospects of next year are good. We need a greater outpouring of God's spirit, for amidst our church building and rapid advance we feel a great tendency in ourselves to realize more the seen than the unseen, the temporal rather than the eternal. Brethren, *pray* more for the *missions* of the Church. We pledge ourselves to do our utmost to be as independent as the circumstances in which we are placed permit, and our cry is still *for more men.*

In reference to our work in Manitoba, the Home Mission Committee at its last meeting agreed to recommend to the General Assembly:

1. That the salaries of Missionaries be $900 per annum for married men, and $700 for unmarried men, to take effect on 1st October, 1874.

2. That the Home Mission Committee be hereafter relieved of the support of Manitoba College.

The Rev. E. Vincent, who has resigned his connection with the Saskatchewan Mission, has been engaged for one year, from the first of April, to labor in Manitoba. His salary up to the first of July is assumed by the Foreign Mission Committee.

Messrs. McKellar and Currie, students of the third year of Knox College, have also been sent to labor in the Province, by the Students' Missionary Society, during the present summer. These welcome additions to our staff will enable the Presbytery to enter new fields, where large numbers of emigrants are taking up land and forming settlements.

Your Committee at its meeting in October, on the recommendation of the Presbytery of Manitoba, voted the sum of $100 to Professor Hart, as a small recognition of his services in mission work during the former year, and further agreed to give him at the rate of $200 per annum while engaged in such work. Mr. Hart has rendered efficient service to our church, and co-operated most heartily in our efforts to establish ordinances in the more remote sections of the Province.

Your Committee, at the meeting in October, passed a resolution, "Requiring the Presbytery of Manitoba hereafter to refuse the resignation of any Missionary, until the Committee has been corresponded with and time allowed to supply his place."

Notwithstanding that the Presbytery of Manitoba remonstrate against such a requirement as infringing upon their rights as a Presbytery, the Committee still adhere to their resolution as essential to the regular supply of ordinances and the very existence of our stations in distant localities of the Province.

Your Committee, in common with the Presbytery of Manitoba, have again to express their thanks to Joseph McKay, Esq., of Montreal, who has this year, as last, interested himself in raising a fund to aid in the building of churches. In several cases, a small grant given by the Presbytery under certain special conditions, has stimulated the people to erect churches, which otherwise would have been indefinitly postponed.

The Grant of $200 promised by the Irish Church toward Mr. Donaldson's salary, has not been received for the present year. The Free Church of Scotland has, however, generously sent $500 towards our work in Manitoba. The latter has been duly acknowledged, and the convener is in correspondence with the Irish Church regarding the former.

LAKE SUPERIOR REGION.

The stations in the Lake Superior district were supplied during the last summer by students sent by the Missionary Society of Knox College. Mr. Rennelson was stationed at Sault St. Marie; Mr. McPherson at Silver Islet, and Mr. McKerracher at Prince Arthur's Landing. Your Committee did all in their power to secure permanent supply for the winter months, but failed. They are now at length happy to announce that appointments for two years, or more, have been made to those important stations. Mr. W. Kay has been appointed to Sault St. Marie; Mr. D. J. Caswell to Silver Islet; and Mr. D. McKerracher to Prince Arthur's Landing. Mr. Kay and Mr. Caswell have been ordained and have left for their fields of labor. Mr. McKerracher follows in July. In the meanwhile Mr. P. Nicol supples Prince Arthur's Landing until the arrival of Mr. McKerracher.

MUSKOKA.

The Muskoka district, under the care of the Presbytery of Simcoe, has been successfully worked, during the past year, by Mr. Marples, assisted by Probationers and students, and the members of the Presbytery. A new church building in Bracebridge has been commenced; another one at Monk is in progress, and a third at South Falls has been completed. The Subscriptions promised in land or money towards church building in these districts, amounts to $3,122.50. A further appeal to aid these necessitous districts in this commendable work, is now being made through the Synod of Toronto.

Presbytery of Toronto.

The Convener of the Home Mission Committe of *the Presbytery of Toronto* reports that the work has been carried on within the bounds of the Presbytery during the year with about the same success as in former years. Several of the stations continue weak and have not sensibly advanced towards the point where they could take rank as settled charges. Aurora and Newmarket form an exception in this respect. Under the able and self-denying labours of Mr. Bruce a good congregation has been gathered in the former village and a comfortable church erected, and it is hoped that the present season will see the same work accomplished in the case of Newmarket. It may be noted that the Presbytery received at its meeting in March a numerously signed petition for supply from residents in and around Queensville, a village a few miles to the north-east of Newmarket. It is too soon to speak of results, but a missionary has been sent and the prospects are very encouraging for the formation of a strong congregation in a district from which our branch of the Church has been hitherto shut out.

Perhaps the most important feature in the H. M. work of this Presbytery during the year has been the erection of a church and the formation of a new congregation in the north-west of the city. The district enjoyed the labours of Mr. Scrimger during the summer of 1873, but the work was hindered by the want of a suitable place to worship in, until the fall of the year, when a commodious frame church was opened. The services were conducted and the work carried on during the winter by Knox College Students' Missionary Society. A congregation has now been organized with a communion roll of thirty-six. This mission has been conducted hitherto without any expense to the Assembly's Committee. the congregation of Gould St. having supplied the necessary means. Sabbath evening service and Sabbath-school work is still carried on in Duchess St. by Knox Church, and in Davonport by Charles St., with much the same success as last year. In Sherbourne St. a successful Sabbath-school is in operation, under the care of the session of Gould St., and another in Caer Howel St. under the auspices of the Y. M. Christian Association of the same church.

Presbytery of Montreal.

The Presbytery of Montreal report considerable activity in church building during the year. At *Hemmingford* a neat little brick church has been erected to accommodate 200. At *Harrington*, in the Ottawa group of stations, a new church was opened in September last, costing $1500, of which $1100 has been paid. A large portion of this amount was raised through the efforts of Mr. K. J. McLeod, B. A., who laboured in the district for several summers with great acceptance. At *Riviere Du Loup* also ground has been purchased for a church and school-house. The latter was built during the past summer and will accommodate the congregation for some time. A considerable portion of the $700 expended upon its erection was contributed by summer visitors. The congregation of *Danville* are building a new church. *Laguerre*, hitherto a Mission station, has this year obtained a settled pastor. During the winter a Sabbath evening service has been kept up by the students in *Petite Cote, Montreal*. The report closes by stating that during the year some of the stations had had considerable accessions to the membership, and that at Indian Lands and elsewhere there have been precious seasons of revival.

Presbytery of Hamilton.

Church extension in the City of Hamilton progresses favorably. The Mission station known as the *Wentworth St. Mission*, was last Autumn organized into a congregation with a communion roll of between thirty and forty members. The congregation are now in the act of building a school-house, situated on Emerald St., and which will in a short time be succeeded by a church. The locality chosen for the church is a very desirable one, in the east end of the city.

In the west end of the city, on Pearl St. near York St., a very commodious building has been erected by *Central Church*. At present a Sabbath-school is conducted in it, with an average attendance of about 120 scholars. Weekly prayer meetings are held in it and there is no doubt that in a few years this movement will develope into a separate congregation.

OTTAWA PRESBYTERY.

The Report of the Upper Ottawa Mission as reported by Mr. Joseph White, the Convener, is in substance as follows:

The Field.

The field receiving special attention is from the Chalk river to the Mattawan; distance of eighty miles, embracing an average distance on either side of the River Ottawa of three miles. There are outposts to this that have been visited by the missionary during the winter; on the east, Hunters' Lodge; on the west, Lake Tallon and Nippissingue; on the north, the Hudson Bay post at Timmiscamangue. This field is bounded on the south by the lately erected Mission Stations, Alice and Pittawawa.

The field derives ts importance from the extensive manufacturing of square timber and saw logs more than in its richness in fertility of soil, or mineral resources, as far as yet ascertained. The permanent portion of the population that claim the special attention of the Church are sixty Protestant families, and the floating population engaged in the traffic number many thousands, of every nationality, and of every grade of education and intelligence. The field is further important from its being a probable highway to the West, and the already rising importance of Mattawan, surveyed by the Ontario Government as a village, and to be the future depot for the lumbering operations beyond. Arrangements are in progress for building a church at this point. The bulk of the commercial interest of the field and the executive administration of the business is in the possession and trust of Presbyterians, therefore, the oar is at our hand if we will but work it. If not, others are eagerly watching the favourable opportunity.

The Work.

This field is wrought in summer by being divided into three preaching stations, viz.: Point Alexander, Des Joachim, and Mattawan, with an occasional visit at other points, as Chalk River, Hamilton depot on the Des Moine River, and Rockcliff on the Ottawa. The attendance in no place exceeding forty. All the families have been visited at least once, those nearest the stations more frequently. One Sabbath school, at Point Alexander, is kept open all year by one of the members of the Church. Average attendance, twenty.

Special attention has been given to the visiting of the shanties during the winter months; which, owing to the lightness of the snow this year, and considerable depth being necessary to travel in this rough country, less work has been overtaken than was hoped. Thirty-nine shanties have been visited, and at twenty-seven religious services were held in the evening, embracing in all an audience of one thousand men, the remaining twelve being teamsters' shanties. To accomplish this work one thousand miles had to be travelled by sleighing. The efficiency of the labour has been helped by an abundant supply of literature, given through the kindness of the Rev. D. M. Gordon, of Ottawa, Secretary to the Lumbermen's Mission, in connection with the Kirk Tracts in English and French, also illustrated periodicals, of which the "Sunday at Home" and "British Workman" are examples. A good supply was left in every shanty for casual and Sabbath reading. Also four hundred volumes of Sabbath-school books have been secured through the kindness of churches interested in the work, and are distributed at different points.

Special mention is made of South River Settlement, on the Nippissingue section of the field, about sixty miles west of Mattarvan. The missionary visited at this twelve protestant families, and had service on the Sabbath.

From this part of the country being timbered with hardwood it promises to be an important agricultural section, and is now connected by a good road with Muskoka. Settlers are coming in rapidly by that route. One hundred and fifty Scotch and English settlers are expected to come in this season. The settlement lies due north of Toronto, and properly comes under the bounds of the Toronto Presbytery.

Mission work in connection with all the other Presbyteries of the Church has been carried on during the year with more or less success, but your Convener has been unable to procure further details of work accomplished in time for the report.

REPORT OF KNOX COLLEGE

STUDENTS' MISSIONARY SOCIETY.

Mission Fields—Summer of 1873.

I.—Penetanguishene, &c.

This has been one of the oldest of the Society's mission fields. It is very extensive consisting as it does of five preaching stations. Up to the last year all the work was performed by one missionary. But owing to the extent of the field it was then found necessary to send two. Accordingly, the field was divided into two groups.

Group I—Consists of Penetanguishene, Vint's Settlement and Midland. Services were held every Sabbath in each of these places. Attendance—at Vint's Settlement, about 30; at Penetanguishene, from 35 to 40; at Midland, at first very small, but it soon increased to 40. Sabbath Schools were also held at each of these stations, and also at the Reformatory, which is connected with the group. Religious instruction was also given to the Presbyterian boys at the latter institution. Three times during the summer the missionary visited Muskosh Mills, where the attendance was about 30, and where the people were very destitute of the means of grace inasmuch as these three were the only missionary visits they received during the whole year. Subscriptions to the Society:—Penetanguishene, $136.85; Vint's Settlement, $84; Midland, $27.25; Muskosh Mills, $16; at Christmas $20 was received from the Reformatory; and $6 from Vint's Settlement. Total, $230.10.

Group II—Comprises Weybridge and McRae Settlement, which are ten miles apart. Services were held every Sabbath in the Village of Weybridge, with an attendance of from 50 to 80; and, on alternate Sabbaths, at the two stations in McRae Settlement; the attendance at the school house in Tiny being from 30 to 50, and at the Orange Hall in Floss from 50 to 80. A prayer meeting was held every week, and Sabbath Schools were carried on. Amount subscribed was $134.54; collected in summer, $73.77; and at Christmas, $36.52. Total collected, $110.29.

The sacrament of the Lord's Supper was dispensed by the Rev. Mr. Craw to 29 communicants, at Weybridge, and 23 at Penetanguishene.

The people in these two groups are very desirous of having a pastor permanently settled over them. With this end in view the Society have agreed to leave the whole field to itself under the care of the Simcoe Presbytery.

2.—Waubaushene and Port Severn, with Sturgeon Bay.

This is chiefly a lumbering district, and being on the line of the new Midland Railway is likely to become one of importance. The Sabbath work of the missionary consisted in preaching and superintending a Sabbath School at Port Severn and Waubaushene, and preaching every alternative Sabbath at Sturgeon

Bay. Prayer meetings were conducted during the week. Sabbath attendance:—At Port Severn, from 30 to 40, and at Waubaushene, from 60 to 70. Owing to the nature of the district the population is very fluctuating. Hence missionary labor is much required and at the same time somewhat difficult. Still contributions to the Society are liberal. Amount collected at Waubaushene, $90.45; at Port Severn; $66.25; at Sturgeon Bay, $20; from Messrs. Dodge & Co., $70 for board. Total, $246.60. The sacraments were administered by Rev. John Gray, of Orilia, who organized the congregation.

4—Parry Sound District.

Here there are eight stations at which the missionary labored—six of them receiving supply on Sabbath and the remaining two on week days. At McKellar Falls the attendance was from 45 to 60; at Blair Settlement, from 40 to 45. The other places, such as Parry Sound village, the Junction and White Stone Lake were also pretty well attended. In all these points there is considerable interest taken in religious matters. The population also is rapidly increasing. The field is, therefore, very necessitous. There is, however, every reason to believe that if it were regularly supplied it would soon become self-sustaining. The amount raised was $80.48.

5—Manitoulin Island.

The district in which the missionary labored comprised an extent of 40 miles along three of the Government roads on the Island. The mission was begun only two years ago, and the progress of the work has been gratifying. In the former year four stations were opened; last year two new ones were taken up. Hence there are six places of labor. Occasional services were held (in a barn) at South Bay, with an attendance of from 60 to 90; also, at Jone's Settlement, Michael Bay, Providence Bay, Manitowing village (likely to be a place of importance,) and at Fossil Hill. In each of these places the attendance was encouraging. In the whole district there are about 80 Protestant families. The Indians, who are numerous, being almost entirely Roman Catholics. The population is rapidly increasing. In addition to preaching, conducting Sabbath Schools, &c., the missionary succeeded in putting a stop to much Sabbath profanation. The total amount collected was $123.50.

6—Muskoka.

The district occupied by the missionary was a very extensive, though thinly inhabited one. Services were held as often as possible at Muskoka, Port Carling, Fraser's Settlement, Ryerson Junction, Maple Hill, Siguen Fall, and Magnetawan village. The average attendance was about 25. The Communion was dispensed at Port Carling and Muskoka by the Rev. J. Marples, of Bracebridge. The whole district is important being as it is a favorite place of resort for summer tourists. The population also, though at present thin, is rapidly increasing. A better division of the mission field is expected to be made in the future. Collected in the field: $50.95. Received from the congregation of the Rev. Mr. McKee, Simcoe Presbytery, $10; and from the congregation of the Rev. Mr. McDiarmid, London Presbytery, $10.

7—Sault Ste. Marie, &c.

This is a most important position—at the Eastern terminus of Lake Superior, and by which all vessels to and from the North West must pass. There are two stations where Sabbath services were held, one at the Sault village and the other five miles distant in the Township of Korah. Services were conducted twice each Sabbath in the village, with an attendance in the morning of from 15 to 25, and in the evening from 35 to 45; and once every Sabbath in Korah, with an attendance of from 25 to 40. Bruce Mines (fifty miles east of the Sault) received in former years occasional supply, but owing to the distance and the deterioration of the place it was abandoned last year. The whole district has been long under the care of the

Society, but the progress of the work has not been encouraging. Though earnest and faithful efforts have been put forth by the missionaries, yet the work of the summer appears to have been undone in the absence of a missionary during the winter. Hence it is desirable that a permanent minister be sent. With this end in view the field has been given over to the Home Mission Committee. Owing to the improvements in the present place of worship, and the purchase of a lot on which to build a new church, the contribution of the Society was not so large as it would otherwise have been. The total amount was $104.

8.—Silver Islet.

This important point (at the N. W. of L. Superior, and not far from Thunder Bay) is a new station taken up by the Society. It is a peculiar one. The Island, from which the place derives both name and support, was when discovered a little rock, seventy feet by thirty, projecting above the water, and about three quarters of a mile distant from the shore. But it has been greatly enlarged and beautified; and is now, in fact, a little compact village on the water. The miners nearly all board on Island; but the majority of the people reside in the village on shore. All the property, both at the Island and on shore, belongs to the Company. A neat frame building serves the purposes both of church and school. The Presbyterians (who are far more numerous than any other Protestant denomination) were very glad that a missionary had been sent to them. There is no other station within reach. The attendance in the morning was from 20 to 40; and in the evening from 80 to 100. The contribution to the Society was $251.15. In addition to this, the missionary received a valuable present from the Sabbath-school. Like Sault Ste. Marie this station has also been committed to the care of H. M. C., which has already advertised for ministers and probationers to volunteer their services in these important districts. Owing to the fluctuating nature of the population in both these places during the summer, by far the best period for missionary labour is the winter season.

9.—North Hastings.

As in former years two missionaries were sent to this district. It is divided into two groups.

Group 1, comprises three stations: the Upper and Lower School-houses in Carlow, and Crayton's Settlement Respective attendances: 90, 70, and 20. Steps were taken to erect a church in Carlow; and before the missionary left $750.00 was subscribed for that purpose. The amount subscribed for the Society was $163.00; paid $68,40.

Group 2. comprises five stations; Maynooth, with an attendance of from 60 to 70; Fiss' Settlement, attendance 60; Kernigan's Settlement, attendance 65; Wicklow and Harcourt; amount subscribed, $129.90; paid, $69.90.

Much good, by the blessing of God, appears to have resulted from the labours of the missionaries in this extensive and important district. Sabbath-schools and prayer-meetings were conducted at most of the stations. The Sacrament of the Lord's Supper was dispensed at Maynooth by the Rev. Mr. Scott of Napanee; and at Carlow, by the Rev. Mr. Burton, of Belleville. It was expected that an ordained missionery would ere now have been settled over this field; but as that very desirable end has not yet been attained the people have requested the Society to continue the supply.

10.—Bearbrooke and South Indian.

These stations are in the Townships of Clarence and Cumberland. They were taken up by the Society at the request of the Clerk of the Ottawa Presbytery. The attendance at Bearbrooke varied from 50 to 90. and at South Indian from 30 to 60. The services of the missionary were very acceptable. Owing, however, to the proximity of the field to the Students' Missionary Society at Montreal it has been deemed advisable not to send a missionary there this summer. The amonnt collected was $58.07.

11.—Sombra, on River St. Clair.

This field was entered upon just two years ago. So rapid has been the progress of the work there, that the field is now handed over to the Chatham Presbytery with

the view of getting a permanent pastor. There are three stations—Sombra village Black Creek, and Sydenham. Attendance in each from 50 to 80. The Sabbath-schools and Bible Classes were also well attended. The Sacraments were dispensed at all the stations. Total number of members, 68. In addition to the payment of a liberal donation to the Missionary and the commencement of subscriptions for the immediate erection of suitable places of worship in Black Creek and Sydenham, the field contributed to the Society the total amount of the missionaries' expenses, *i. e.* $192·18.

Mission Work During Session 1873--4.

For the three Sabbaths kuring the Christmas vacation supply was sent to thofe of the Society's mission fields which are more accessible in winter, viz.: Tay and Medonte; Waubaushene and Port Severn; Penetanguishene, &c.; and Wyebridge and McRae Settlement. An arrangement was also made with the members of the Simcoe Presbytery whereby supply was given to the three latter fields for two additional Sabbaths during the session. The reports of the missionaries were very encouraging.

During the whole session, however, the members of the Society labored in four mission stations in the City of Toronto with very encouraging success, especially in two of them—Duchess Street and College Street--which, though begun two years ago, are now looking for permanent ministers. Davenport mission continues as prosperous as might be expected from the nature of the field. In St. John's Ward, owing to the prevalence of small-pox, little visiting was done; consequently, the attendance has been rather discouraging. All the necessary expenses connected with these stations were defrayed by the congregations of the City.

A few of the members of the Society were appointed to visit the patients in the Hospital; and a few others to give religious instruction, every Sabbath morning to the numerous prisoners in the Jail.

REPORT OF MONTREAL COLLEGE

STUDENTS' MISSIONARY SOCIETY,

1873-'74.

———o———

Mission Fields, 1873.

1.—ALEXANDRIA.

When the Society, three years ago, sent its first missionary (Mr. McIntyre) here, the congregation was small and divided, the average attendance on Sabbath being only about 50; last year, however, we were able to say that "already some fruit is beginning to appear," and at the end of our three years' work, Mr. D. H. MacLennan, B. A., our last missionary at Alexandria, reported that the congregation was thoroughly united. and the attendance over 100. The result is that, in Nov., the Rev. K. MacDonald, formerly a Roman Catholic resident of that vicinity, was inducted Pastor of Alexandria congregation and missionary to the Highland Roman Catholics of Glengarry. Having thus, through God's blessing, accomplished the *initial* work, we take leave of Alexandria. Contributions $142.

2.—SOUTH BRANCH AND SUMMERSTOWN.

In the front part of Glengarry are still under the Society. Mr. J. R. MacLeod held meetings at *South Branch*, average attendance 60; at *Summerstown*, 70; and at *Brown's School House*, 80. At Brown's School House there was evidence of an outpouring of the Spirit. Mr. McLeod will continue the work in this field during the coming summer. Contributions $70.82.

3.—COATICOOK AND RICHBY.

The work here was merely tentative, and the prospects do not warrant our continuing it. Average attendance at *Coaticook*, 70; *Richby*, 35. Contributions $32.

4.—NORTH HASTINGS.

Mr. W. D. Russell, the Society's missionary to this field, returns with a cheering report. He held services in *five* stations. *Egan's Farm*, average attendance, 20; *York River*, 30; *L'Amable*, 65, (Bible Class, 10); *Thanet*, 30, (Bible Class, 14); *The Ridge*, 40, (Bible Class, 30). Some of these stations are in lumbering districts. In all, the word was received with gladness. Mr. Russell returns to *L'Amable*, *York River* and *Egan's Farm*, and it is hoped that L'Amable will soon be a self-supporting congregation. The work at *Thanet* and the *Ridge* will be prosecuted by Mr. W. Gray. Contributions, $178.53.

5.—UPPER GATINEAU.

Is an extensive field opened up by lumbering firms. Mr. R. Hamilton, our missionary to that field, held services at *four* stations,—*Desert*, *The Sixes*, *Picanock*, and *McIntyre's*. The last two of these were opened last summer, for the first time, and a church is being erected at *McIntyre's*. Mr. H. speaks French as well as

English, and he travelled over extensive districts, visiting families and distributing French and English Tracts and S. S. Papers, which were received gladly. Mr. M. F. Boudreau (French and English) will carry on the work this summer. Contributions, $38.

Expenditure.

In 1871, $427.00; 1872, $768.00; 1873, $1000.47.

Report of Sub Committee on Distribution.

The Sub-Committee, on the distribution of probationers, have to report, that they have met regularly, near the close of each quarter, since the last meeting of the General Assembly, and allocated from the roll of those who placed themselves at their disposal for appointments, to each Presbytery, supply in proportion to the mbmer of their vacancies, as ascertained in reply to circular issued for the purpose.

For the first quarter, beginning with 20th July, 1873, there were twenty probationers for the entire three months, and three for shorter periods, while the number of reported vacant congregations was fifty-eight, or an average of probationer-supply to each, of a little more than one Sabbath out of three.

For the second quarter, beginning with the 19th October, there were twenty-six probationers and seventy-two vacancies, or about the same proportion of supply as for the previous quarter.

In the third quarter there were twenty-four probationers, while the number of vacancies was seventy-one; the proportion of supply thus continuing much the same as for the two preceding quarters.

For the quarter now current there are thirty-three probationers for the same number of vacancies, the proportion of supply to each Presbytery being thus nearly one-half.

The Sub-Committee believe they may say that never before has there been such a number of names on the roll for any quarter; and the same remark will apply to the year, for, by referring to Appendix IV, it will be seen that forty-seven have placed their services at the disposal of the church, and shown their readiness to go to any field to which they might be appointed, trusting that the head of the church would direct them to the place in which he would have them permanently to labor.

It will be seen from Appendix III that one hundred and fifteen vacancies have been reported for supply during the year, reckoning two mission stations for the Presbytery of Montreal that procured settlements, one by the ordination of Mr. Wellwood, whose name was upon the roll, and the other by the translation of Mr. Kenneth McDonald, from the congregation of Thamesford, in the Presbytery of London. Including the same stations there have been thirty-nine settlements. Two of these have taken place in the Presbytery of Bruce; two in that of Simcoe; five in the Presbytery of Owen Sound; one in the Presbytery of Huron; six in the Presbytery of London; one in the Presbytery of Guelph; three in the Presbytery of Hamilton; four in the Presbytery of Toronto; three in the Presbytery of Ontario; two in the Presbytery of Coburg; one in the Presbytery of Kingston; three in the Presbytery of Brockville, and six in the Presbytery of Montreal. Of these fourteen have been from among the probationers, and the remainder from those who did not give in their names, or who were translated from one pastoral charge to another. Two probationers have returned to Britain, and these, with the fourteen settlements that have taken place, reduces the number on the roll, at present available, to thirty-one. Of these fourteen have been received to appointments since January of the current year; thirteen since April, 1873, and four at earlier dates. It will

thus be seen that those taking the work of the church have, generally, not to wait long for a settlement.

Your Sub-Committee would repeat the conviction expressed in previous reports that the system of distribution at present in force deserves the continued sanction of the Supreme Court of the Church. It may not please all parties, but it is just to all, if faithfully administered. They would recommend, however, that no congregation be reported for supply by probationers that is not looking forward to a settlement, either as a self-sustaining or a supplemented congregation; and farther, that probationers have the opportunity of being heard in the largest vacancies as well as the smallest. Were these recommendations adopted and faithfully carried out there would scarcely be a licentiate or minister without charge who did not give in his name to the Sub-Committee. The number of such has already considerably decreased, and it is hoped that there will be further progress in that direction.

Respectfully submitted,

ROBERT TORRANCE, Convener.

Guelph, May 12th, 1874.

The scheme proposed by the Committee and adopted by last General Assembly, with a view to the more effective working of supplemented congregations has met with gratifying success during the past year. In the great majority of cases, the congregations have come up to the standard demanded, thus ensuring a continuance of the Home Mission grant, and adding to the greater comfort of the minister. In the case of a few, where, for different reasons, measures had not been taken to bring the matter before the congregation, or where the congregations promised to come up to the requirements of the Committee before next meeting, the grants have been continued, the fact being reported to the Assembly.

The Committee, during the year, have prepared and issued new schedules for the half-yearly and yearly returns of Mission stations and supplemented congregations. The punctual return of these papers to the Convener or Clerk of the Committee, would very much simplify the work and expedite the printing of the annual report.

The Committee, at its meeting in April, agreed to recommend to the Assembly.

1. That the allowance to students for summer work be increased to $6 per Sabbath, together with board and travelling expenses, to their fields of labor.

2. That the remuneration to probationers supplying vacancies, be in no case less than $7, with board, and that this amount be increased gradually in proportion to the stipend paid by the respective congregations before they became vacant.

The Committee have to notice with deep regret the loss sustained by the removal of the Rev. Dr. Waters to St. Johns, New Brunswick. For many years Dr. Waters most efficiently performed the duties of Clerk to the Committee, and in every way possible co-operated for the extension of our Home Mission work.

In the appendices to the report will be found a table containing the names of the Mission Stations and supplemented congregations, as reported by the several Presbyteries. Also, lists of the Ministers, Lay Catechists, Licentiates and Theological Students at present under the direction of the Committee. Your Convener gratefully makes mention of the assistance rendered him by Mr. R. H. Warden in the compilation of the statistics. Should any inaccuracies be found, the blame rests to a great extent with Presbyteries, whose returns in many cases are incomplete, and in others delayed until within a few days of the meeting of Assembly.

All of which is respectfully submitted,

WILLIAM COCHRANE,
CONVENER HOME MISSION COMMITTEE.

Brantford, Ont., June 3rd, 1874.

REPORT OF THE COMMITTEE ON STATISTICS.

To the General Assembly of the Canada Presbyterian Church:

In presenting their Report to your Venerable Assembly, your Committee feel themselves called on, in the first place, to express their sense of the loss sustained through the translation of Dr. Waters, who has been for so many years Convener, and upon whom has devolved the preparation of the Annual Report for a long period, from his pastoral charge in this Province to the city of St. John, New Brunswick. Dr. Waters was one specially qualified for such work, and the acquaintance which he had acquired with the state and working of the Church, as brought under his attention from year to year of his convenership, by the returns of Congregational statistics and Financial Statements, gave him a facility in dealing with the subject, rendering the service lighter to him than it can possibly be to one attempting it for the first time. The Committee feel it due to him and to themselves thus to put in the very commencement of their present Report this acknowledgment of Dr. Waters' worth and ability.

Owing to other circumstances, to which it is unnecessary to allude except in the most general manner, the person by whom this Report has been prepared has not been able to present it in a form satisfactory to himself, nor, it is feared, doing full justice to the Church. A carefully prepared Report from full and accurate Returns is necessary to a full and proper understanding of the progress, position and influence of the Canada Presbyterian Church. Your Committee would have been highly gratified had they been able to lay such upon your table; but having failed in this, they must express the hope that soon, even next year, there may be furnished, what has never yet been supplied, complete returns, consistent in all their parts, from every Congregation, whether with or without a settled pastor, and Mission Station of the Canada Presbyterian Church.

While deeming it their duty to make this remark, and to hold out such an object as not only desirable but attainable, they would speak with pleasure of the neat and finished state of some of the returns they have received, owing, beyond all question, in a considerable degree to the pains taken by the Clerks of Presbyteries from which they have come, and of the promptitude with which they have been forwarded, so as to be in hands close upon the time assigned in the blank forms furnished.

STATISTICS.

According to the Reports received, the number of Ministers on the rolls of Presbyteries is 329. Last year the number returned was 315, thus showing an increase of 14, and an increase of 22 over the year immediately preceding that. Evidence is thus presented that the Lord of the harvest is answering the prayer of his disciples to send forth labourers into His harvest. Some of these, more than in some former years, have come from the Church in Britain, others have been trained in the halls of our own institutions. May they all prove workmen not needing to be ashamed, rightly dividing the word of truth.

The number of REGULAR CHARGES is reported to be 645, an increase of 12 over the number reported last year; and in connection with these there are 48 Stations (2 fewer than last year) receiving supply of the gospel, but not forming part of the regular pastorate. In the Report of your Committee for 1871-72 there was an increase of these stations amounting to 12 over that of the prior year. In the Report for 1872-73 there was a decrease of 20. This year shows a further slight falling off. The VACANCIES are returned as 78, and the MISSION STATIONS at 37, an increase of the former of 11 over the previous year, while that year showed an increase of 14 over the one immediately preceding, and that again of 5 over 1870-71. It will thus be seen that there is still a wide door and effectual set open to the Church by her King and Head, while the Mission Stations may soon, through the blessing from on high, rank among vacancies calling for pastors to take the oversight of them in the Lord.

The number of FAMILIES connected with the Church is returned as 27,918, only 571 more than last year, not taking into account the allowance made for non-reporting settled congregations; but that the increase has been considerably greater we may warrantably conclude from the fact that some of the congregations which gave the number of families belonging to them last year have not given them this year. Proceeding on the assumption that each family contains on an average five persons—the assumption adopted in some of the previous Reports of your Committee—it may be affirmed that upwards of 140,000 persons, young and old, are under the pastoral oversight of a stated ministry, or enjoy such occasional means of grace as Presbyteries are able to afford.

SINGLE PERSONS not connected with congregations number 4,175. It might be expected that these would be found in the Reports of Congregations in the larger towns and cities, and reference to the Statistical Tables will show that this is the case.

Your Committee has still reason—and for this they would express their thankfulness to the Redeemer of His people—to congratulate the Assembly on the increase of COMMUNICANTS, the number this year being given at 49,315, apparently less, it is true, than the numbers reported for either of the previous years, but actually greater when account is made of the congregations from which reports have not been received at all, or which have not made any entry in the column designed for such information. In confirmation that there is an increase, a reference to the Tables shows that 5,847 have been added to the Church in the course of the year; of these, 2,924 on their own profession of their faith in Christ, and the diminution has been 3,533, thus leaving a gain of 2,314, or 141 more than last year.

Of the BAPTISMS, amounting to 4,703, those of adults were 123, and of children 4,580, being 122 fewer than those reported last year.

Of the numbers in Religious Classes, 34,267 are in SABBATH SCHOOLS, and 9,269 in BIBLE CLASSES.

ELDERS are reported at 1,987; OTHER OFFICE-BEARERS at 3,091; and SABBATH SCHOOL TEACHERS at 4,094, giving an average of between eight and nine scholars to each teacher.

The aggregate VOLUMES IN LIBRARIES amount to 98,189, and of these 86,658 belong to Sabbath Schools.

SITTINGS IN CHURCH add up to 141,190, an increase over those of last year.

MISSIONARY ASSOCIATIONS reported 163, or one less than for the previous year.

Forty Churches and twenty Manses have been built or repaired during the year.

FINANCIAL STATEMENT.

Taking next the "Financial Statements" forwarded by Presbyteries, and collecting the aggregates, we have the following results:

The STIPEND PROMISED was $229,885, and the amount actually paid was $232,564.75, an increase of $2,679.75, and an increase over the amount paid last year of $11,283.01. This gives each Ministers an average of $700 on the whole sum paid, but last year the average was $702. It is pleasing to observe that, on the whole, the Church is improving in the matter of ministerial support, although there is great room yet for advancement in that direction. A glance at the Returns from Congregations will show that in some instances a most inadequate remuneration is paid; and your Committee cannot but think that if Presbyteries would deal with these as they should, they would be awakened to a sense of their duty, and communicate in all good things as the Lord has prospered them for the support of those by whom they are taught in the Word.

It is painful to have to state that there is an increase of ARREARS OF STIPEND over the amount reported last year, the entire sum being $4,301.66. It is bad to have such an entry at all, it is worse to hear of its increase. And it is to be feared that the facts are worse than figures, for the Committee have simply collected the arrears reported without correcting discrepancies between the columns in congregational returns headed "Stipend Promised" and "Stipend Paid." In the case of some these arrears must be of more than one year's standing, as the report of stipend paid for 1873-74 is in excess of stipend promised. The only Presbyteries in which there are no arrears are Kingston, Hamilton, Paris, Chatham and Huron —five out of nineteen.

Passing to the amount raised for building CHURCHES AND MANSES, we find the large sum of $155,876.97, somewhat less than the amount raised for the same purpose last year, but still proving that the people are exerting themselves to provide comfortable edifices in which to worship the God of their fathers, or for those who minister to them in word and ordinance.

Other expenditure for strictly congregational purposes has been $89,540.27, and the total contributed for Stipend, Church and Manse building and the purpose just mentioned, was $477,981.99, or an increase over the sum raised for the same objects last year of $14,591.66. Taking the clear gain in the membership of the Church to be 2,314, this would give an average of about $6 to each.

The total amount contributed for the SCHEMES OF THE CHURCH has been $55,155.29½, a considerable falling off from last year. This sum is made up as follows:—For the COLLEGE FUND, $11,972.17; for the HOME MISSION FUND, $17,484.25; for the FOREIGN MISSION FUND, $8,711.68½; for the WIDOWS AND ORPHANS', AGED AND INFIRM MINISTERS' FUND, $3,836.37; for the ASSEMBLY FUND, $2,966.80½; for FRENCH EVANGELIZATION, $4,073.05; for the KANKAKEE MISSION, $2,148,98. The contributions from Sabbath Schools for Missionary purposes were $4,428.69. On the following Schemes the returns show an increase to a smaller or larger amount over the contributions reported last year: Foreign Missions, Widows and Orphans', &c., Assembly Fund, Sabbath School; on all the others there is a decrease.

A column had been added to the blank forms prepared for the purpose of ascertaining the amount raised for COLLEGE BUILDINGS, and the returns give $28,645.49. If we suppose that the sum raised in the Synod of Montreal went towards the building of the Presbyterian College in the city of Montreal, and which amounts to $13,127.61, there would remain for Knox College $15,517.88. But there is evidently some mistake in the division thus made, or in the reports given in, or it may be in both, as the statement of the Treasurer of the Church, in the May number of the *Home and Foreign Record*, gives the amount received for the new College building in Toronto as $24,569.15.

Under the heading "Benevolent objects not otherwise specified," $24,448.20 have been reported.

Total contributions for all purposes amount to $585,899.91, or an increase over the sum reported last year of $34,998.19.

One hundred and ninety-six congregations, or twenty more than last year, report Manses for their Ministers, and three rented houses.

The average contributions for Missions by Sabbath Schools, reckoned on the basis of attendance, and including those in Bible Classes, is $0.10.

Tables have been prepared from the congregational returns giving a summary according to Presbyteries and Synods of the Statistical Reports and Financial Statements.

To the Table of Averages colnmns have been added showing the amount contributed per family as well as per communicant, for each purpose. It was thought only proper to do so, because in some Presbyteries the number of families is large in proportion to the number of communicants as compared with others, and it is by rate per family that some Presbyteries, if not all, raise their funds for local purposes, and that the General Assembly assesses for the expenses of its meetings.

A perusal of this Table is suggestive of some gratifying reflections, and of others of an opposite character. The Presbytery standing highest in average contribution per family for stipend paid is that of Hamilton, $13.15; the next that of Ontario, $10.45; the third, Paris, $9.95; and the fourth, Chatham, $9.78; while the four lowest are Manitoba, Stratford, Durham and Bruce. The four Presbyteries raising most liberally per communicant for stipend are Chatham, $6.45; Kingston, $6.03; Cobourg, $5.71; and Toronto, $5.30; and the four lowest are Stratford, Guelph, Huron and Durham. For Schemes of the Church, Hamilton, Montreal, Toronto and Ontario contribute most largely per family, and Bruce, Durham, Owen Sound and Manitoba give least, while Montreal, Toronto, Ontario and Kingston give most liberally per communicant, and Guelph, Durham, Manitoba and Owen Sound least so. For all purposes the Presbyteries of Hamilton, Ottawa, Toronto and Montreal stand highest, and those of Stratford, Huron, Owen Sound and Durham lowest per family, and Ottawa, Bruce, Toronto and Manitoba highest, and Guelph, Owen Sound, Huron and Durham lowest per communicant. It will be seen that for the purposes mentioned Hamilton stands first in average contribution per family, as it does also for congregational purposes. It must be acknowledged too that the distant Presbytery of Manitoba, that is strictly speaking Missionary, is exerting itself nobly, and affording promise of greater things at no remote date. Looking at all circumstances, may it not be said that while some have done well—and the remark must be put in this modified form, for, looking at the figures in that Table, it cannot be affirmed that *all* have done well—it has excelled them all. Certainly Manitoba may put to the blush more than one of the Presbyteries of the Province of Ontario.

A survey of the whole field presented in this Report calls upon us to thank God, and entitles us to take courage. God has done great things for us, whereof we are glad. May He continue to grant peace within the walls and prosperity within the palaces of our beloved Zion.

RECOMMENDATIONS.

I. That Presbyteries be enjoined to procure from congregations, and forward to the Convener of the Committee on Statistics, their annual returns at the dates specified in the blanks furnished.

II. That vacant congregations and Mission Stations be required to forward full and accurate reports, as well as those having settled Pastors, and that Presbyteries see to it that these be sent in.

III. That Presbyteries be enjoined to take the earliest opportunity of dealing with those congregations that are in arrears for stipend.

ROBERT TORRANCE, *Convener.*

GUELPH, 25th May, 1874.

P.S.—Taking account of returns which were too late of being received to be entered in their proper places, we find that the number of regular charges is 650; of families, 28,260; of communicants, 50,702; of S. S. pupils, 35,020; of vols. on libraries, 103,707; of sittings in Churches, 143,575, and of missionary associations 165.

Stepend paid amounted to $237,901.25. Total contributions, for strictly congregational purposes, $103,247 82; for schemes of the Church, $55,994.12½, and for all purposes, $619,359.30; an increase over the amount reported last year of $68,457.58.

FOREIGN MISSION REPORT.

1873-4.

A review of the Foreign Mission work of the Church during the past year calls for humiliation and thankfulness: for humiliation, because a vigorous and prosperous Church has done so little to promote a work so closely identified with the glory of Christ and the salvation of men; for thankfulness, because a measure of progress has been made, and men and means are now forthcoming to an extent which warrants the Church in taking a decided step in advance.

The work among the Red Indians on the Saskatchewan has been carried on during the year under difficulties which indicate that Prince Albert is likely to become a less valuable centre for the evangelization of the aborigines than it was at the time of its first occupation. The Plain Crees, with whom the mission has chiefly to do, are gradually moving farther west after the buffalo, on which they are so largely dependent for food. And the result is that they come less frequently and in smaller numbers to the neighbourhood of the mission. In order to reach them, the missionary would require to accompany them to their camping grounds on the plains, which are now frequently 200 miles distant. The formation recently of a considerable settlement around the mission of whites and half-breeds must also tend to keep the Indians at a greater distance. When ground was broken at Prince Albert, it was nearly 400 miles to the nearest settlement. Now a very considerable settlement has sprung up around the mission itself. Mr. Nisbet states that there are 44 families and 23 single persons, making a population of 288, which is likely to be largely increased during the present summer by the influx of new settlers. While Prince Albert may therefore be growing less important as a centre of foreign missionary effort, it is daily assuming interest as a point from which home missions may yet do a noble work. The unsettled state of the Indians in reference to the manner in which their territorial rights may be dealt with by the Canadian authorities has also exerted an unfavourable influence for the time being upon efforts for their good. Notwithstanding these difficulties, good work has been done during the year, partly among the white population and partly among the aborigines.

Mr. Nisbet writes, "The church is well filled every Sabbath. We have fortnightly Sabbath service in the house of one of the settlers six miles west of this, and an occasional service in another's seven miles east, and in each of these sections a fortnightly prayer meeting is held. In the church a Sabbath school, Bible class, and weekly lecture are maintained. The communion was held November 30th, when *eleven* names were added to the roll. Five of those received were members of our Church in Ontario and Manitoba, five were connected with the Episcopal Church in this country, and one was received on examination. There are 44 names on the Communion Roll. There have been 21 baptisms since September, 1872. Of those baptized, three were adult Indians and *six* were Indian children. There have been two marriages during the same period, one of which was that of an Indian couple.

The Indians do not come about the mission to the same extent now as in past years, and when any large number is in the neighbourhood, they usually make their camp about two miles from the mission premises. The Christian Indians are regular in their attendance at Church, but very few of the heathen come to the public services; nevertheless many of them hear a great deal of Christian truth from their private talks with Mr. McKay." Mr. Nisbet also mentions that there are at present four Indian children, two boys and two girls, under the charge of the mission.

During Mr. Nisbet's absence in Canada the charge of the mission devolved entirely on Rev. Edward Vincent, who reached Prince Albert immediately before the senior missionary left for what proved a somewhat lengthened visit to Ontario. The change decided upon last year by the committee, involving the abandonment of the farming operations which were necessary in the earlier stages of the work, have been carried out and nearly completed by Messrs. Nisbet and Vincent, and it is hoped that in future they will be found beneficial. Rev. Edward Vincent has tendered to the committee his resignation of his position as a missionary to the Indians. His reasons are given at length in a document, in which he presents with clearness and force his views in reference to the present unsettled condition of the country, and the best mode of accomplishing the work which requires to be done among the Indians of the North-west. From the decided conviction which Mr. Vincent expressed in reference to his duty to retire from the work, the committee felt themselves under the necessity of accepting his resignation. This was accordingly done, and the acceptance will take effect on the 1st July. From the time of his arrival in Manitoba until that date, Mr. Vincent has been instructed to place himself under the direction of the Home Mission Committee.

During the year, new ground has been occupied by the appointment of Mr. George Flett to labour among the Indians in the neighbourhood of Fort Pelly. Mr. Flett, on account of his thorough familiarity with the Cree language and acquaintance with Indian habits and modes of thought, has very special adaptation for usefulness in this field of labour. He has been very highly recommended to the committee as an earnest and devoted Christian worker. Mr. Flett has received a cordial welcome from the officers of the Hudson Bay Company, and has commenced his labours under favourable auspices. He finds a large number of Indians in the region, but they are much scattered and consequently difficult of access. We hope to hear from time to time good accounts of the labours of this earnest Christian layman.

In accordance with the instructions of last Assembly, your committee took steps to select for the young women then reported as preparing for foreign service, a suitable field, and to send them to it. After careful inquiry, India was chosen as on the whole the most promising. And as the Canada Presbyterian Church has no missionaries under whose protection and guidance they could labour, it was decided to place them under the control and care of the Board of Foreign Missions of the Presbyterian Church in the United States. The brethren of that Board in the very kindest manner undertook this duty, and aided in every way in their power your committee in carrying out the instructions of last Assembly. Arrangements having been completed, Misses Rodger and Fairweather sailed in the latter part of October from New York, along with a lady whom the American Presbyterian Board were sending to India, and in due time reached their destination in safety. When last heard from they were at Allahabad, where they had met a cordial welcome from the missionaries of the American Presbyterian Church, and where they were actively engaged in the study of the language. As soon as they are prepared for active service they will find wide doors of usefulness open before them.

In Formosa, the year has been one at once of trial and of encouragement to our missionary. The manifest blessing which attended Mr. McKay's labours at the outset of his work has not forsaken him. The success which so early crowned his preaching has roused opposition and bitter persecution. Of northern Formosa it may be said that a wide door and effectual is opened, "and there are many adversaries." Mr. McKay writes, "The enemy has been aroused, and, as of old, has been active night and day in endeavouring to crush the Lord's work in its beginnings. To accomplish this, mandarins, literati, and soldiers especially, have combined their efforts. In the numerous villages which dot the country inland, men and women have been beaten and shamefully abused on account of attending service on the Lord's Day. A convert who lives about a mile from here was asked a few months ago to assist in purchasing articles for idol worship. He replied he could not consistently do so, as he no longer bowed before things made by men's hands. An evening or two after, the same party, followed by 30 armed men, went to his dwelling, broke the door, beat his wife, mother and sister, dragged himself about the room, and finally left him for dead. The house of another worshipper at Chiwn-nhi was entered by 40 soldiers, who ransacked the whole place, and snatched an infant from its mother's arms and trampled it to death. At Go-ko-khin, one of the first who cast away tablets and idols was ordered by the owner of the house in which he lived to cease going to the chapel, or else he would drive him out of the house. The convert replied, "You can do that and much more; but to drive me from the true God, you and all your host can never accomplish." It is truly matter of thankfulness that these men "took joyfully the spoiling of their goods." It is unnecessary to multiply cases, as I have referred to one in connection with each chapel.

The crowds which at first thronged to listen to the preaching of our missionary appear to have fallen of. No doubt the sense of novelty had something to do with collecting the multitudes who, for a season, waited on the preaching of your missionary, but Mr. McKay now states it as his conviction that a large number of the Sek-hoan and Chinese had in some way acquired the notion that the gospel was to minister directly to their worldly advantage. In the days of our Lord there were many who followed him "not because they saw his miracles, but because they did eat of the loaves and were filled;" and we need not marvel if the idolaters and ignorant natives of Formosa are found animated with similar motives, nor need we wonder if many of them, when disappointed in their worldly expectations, have gone back to their idols.

Amid these trials and discouragements, your missionary has been cheered by the stedfastness and fidelity of the converts and the progress of the Lord's work. In the last letter received from him, dated the 17th of February, Mr. McKay writes: "It is now about a year since I admitted five into communion on profession of faith, and I rejoice in being able to state that they have faithfully followed the Lord Jesus and fearlessly testified to the truth unto this day. The only man I brought from the south commemorated the dying love of Jesus with us a year ago. Since that time he has been cruelly murdered and beheaded in the woods; his headless body is yonder by the winding path, but his soul is in the highest heavens with the Lord of Glory. Last Sabbath we observed the Lord's Supper at Go-ko-khin, where the first chapel was erected. There I admitted four old and three young men, who have stedfastly followed the Lord since they first heard the gospel. The five who were admitted last year were present, so that exactly twelve native converts sat around the table of the Lord. In a quiet, retired spot, away from the displays of heathenism and the inquisitive gaze of outsiders, with our usual hearers present, we had a precious communion. I believe the Master was with us. I never enjoyed a sweeter communion in America, Scotland, or my dear native land. Several of the hearers seemed moved, and all appeared serious and thoughtful during the services. If any heart was touched, if any soul was awakened, to Jehovah alone be the everlasting praise and glory.

At a place called San-teng-po, several miles to the east, the people have just completed a small, neat chapel, *entirely at their own expense.* I told them that if they really wanted to serve the living God, to put their trust in the Lord Jesus, fear neither persecution nor death, and build a house to the Lord. I visited them a few weeks ago, and was delighted to find the parents teaching their children the everlasting gospel. A number of small boys met me on the way, and all were able to sing our beautiful Chinese hymns; the very youngest, three years old, could sing. The little girls are kept in dark rooms, and do not appear with their brothers as in western lands. On Sabbath I observed father, son

grandson and great grandson sitting on a bench together, singing the praises of the Lord. Thus in the midst of opposition and corruption, the Lord is blessing his own work."

Mr. McKay adds, in a postscript to his letter, that since writing the above, he had had a glorious meeting in his house at Tamsui, which he has to use as a chapel. It is worthy of note, as indicative of the converts and the hold which the truth has taken of them. "The 4th day of the first Chinese month is observed by all the idolaters, from north to south and from east to west. It is the day on which they welcome back the spirits. This year it fell on the 20th inst. The converts in the country fled from the displays of the idolaters, and came down the river in junks, and brought all their little boys, about the size of Sabbath school children in Canada. My house was crowded from early in the morning until late at night. The whole day was spent in explaining the everlasting gospel, in singing and praying to the Lord our God. I enjoyed the meeting exceedingly."

Mr. McKay expresses great joy at the prospect of the speedy arrival of a medical missionary to co-operate with him. So strongly has he been impressed with the value of the healing art as a handmaid to the gospel, that with the aid of the resident medical man of the English community, he commenced hospital work more than a year ago. The foreign residents of Tamsui also aided him in the work by liberal oontributions to its support. Mr. McKay regards the hospital as, all things considered, quite successful. Up to the time of his writing 1428 persons had received attendance and heard the Gospel.

It is with much pleasure that your committee have to report that they have secured, subject to the approval of the Assembly, the services of Dr. J. B. Fraser as medical missionary to Formosa, a gentleman whom they regard as possessing in a very high degree the qualifications for the position. Dr. Fraser is a son of Rev. William Fraser, of Bond Head, one of the honoured clerks of this Assembly. After completing a full medical course, and practising medicine for two years, Dr. Fraser decided to study for the Gospel ministry; and he has just completed a more than ordinarily successful course of theological study in Knox College. He will be prepared to leave Canada for China with his family some time in autumn. Relying fully on the approval of the Assembly to the step which they have taken, your committee have requested Dr. Fraser to secure the requisite outfit for his work; and they trust also that arrangements may be made for his visiting, prior to his departure for the foreign field, as many as possible of the congregations of the Church.

It is the pleasing duty of your committee to report that the Foreign Mission is at present in a satisfactory position. The receipts indicate a growing interest in the work of the evangelization of the heathen, and the balance on hand warrants the Church to go forward more boldly in the work. From the following statement of receipts and payments it appears that there has been an increase in the income during the year as compared with that which preceded it of $1,562 06, and that the balance now on hand is $3,280 69 greater than that which was reported to the last Assembly. This state of matters is the more gratifying, as no special means have been employed during the past year to stimulate the liberality of the Church. It cannot be questioned that with a little additional effort the receipts may be greatly increased. The following is the financial statement for the year :—

FOREIGN MISSION FUND—1873-4.

RECEIPTS.

Balance from last year	$ 5150 56	
Receipts during year	12084 44	
		$17235 00

PAYMENTS.

British Columbia, balance	$ 148 00	
On account of Saskatchewan Mission	4395 55	
" China	1806 31	
India, Misses Fairweather and Rodgers	1886 54	
Expenses of the Committee	137 35	
Proportion of General Expenses	200 00	
" Salary of Agent	230 00	
Balance on hand	8431 25	
		$17235 00

It appears to your committee that the large balance on hand, viz., $8,431 25, when viewed in connection with the steady increase of the Foreign Mission contributions of the Church and the withdrawal of Mr. Vincent from the Indian work, not only warrants the Church in sending Dr. Fraser to Formosa, but also in instructing the committee which may be appointed to select and send forth a third missionary to China at the earliest moment practicable.

In conclusion, your committee offer for the adoption of the Assembly the following resolutions, viz. :—

1. That the action of the Foreign Mission Committee in appointing Dr. J. B. Fraser as medical missionary to Formosa be cordially approved of.
2. That the Foreign Mission Committee be recommended to select and send forth a third missionary to Formosa as soon as practicable.
3. That any of the presbyteries of the Church to whom application may be made by the Foreign Mission Committee be authorized to ordain Dr. J. B. Fraser and any other missionary selected for Foreign Mission service in accordance with the above resolutions.

All which is respectfully submitted.

WM. McLAREN.

Toronto, June, 1874.

REPORT OF THE KANKAKEE MISSION.

The extraordinary origin of this mission imparted an interest to it that attracted the attention of the Christian world to the Rev. C. Chiniquy and his great work among the French Canadians settled in the state of Illinois. To see a whole community throwing off the fetters of Rome and claiming it as their right to read God's Word and approach his throne without the mediation of a priest or saint, was a grand sight, such as might make angels shout for joy. And the subsequent history of the mission for years was deeply interesting too, as it displayed the strong faith and noble courage of the converts, amid all the attempts of Rome to regain her power over them and bring them back to their former bondage. But fourteen years have calmed the excitement, and brought the congregation of St. Anne with its mission school to take its place side by side with other congregations in the great work of the Lord. It is not easy for your committee to throw an interest around the mission other than might be found in many of our congregations; still they think that the Church will be gratified to learn how it prospers in the Lord.

A deputation, consisting of Rev. T. McPherson and the convener of the committee, visited the mission last fall and spent a week there, inquiring into its state and prospects, and giving such counsel and encouragement as they thought would further the cause of Christ. A few extracts from their report will put the Assembly in possession of the facts elicited, and enable them better to understand what is the present condition of the mission.

St. Anne has a population of between 400 and 500, with a thickly peopled country all around. The inhabitants are chiefly French Canadians. When they settled there they were Roman Catholics, but the great majority of them now are Protestants. There are in the village four Protestant churches—Episcopalian, Baptist (both very small), American Presbyterian, with 64 families and 133 members, and Mr. Chiniquy's, with 162 families and 358 members.

It will be remembered that the old church and school were burned down a few years ago, but Mr. Chiniquy has succeeded in erecting another building, part of which is used as the church and another part as the school-house. In this church we held meetings on five consecutive evenings, with an attendance of from 100 (a rainy night) to 200. On Sabbath the attendance was over 200. It was the Communion Sabbath. Only 80 partook of the Lord's Supper. We were careful in examining the roll of members and families connected with the congregation. We had a list prepared by a disaffected party in the village, and comparing it with the list furnished by the Clerk of Session, we found a substantial agreement, shewing 162 families, with a membership of 358. Of course many of them reside at a considerable distance, and can but seldom enjoy privileges. Some years ago the number of families was reported as being considerably larger than at present, and we have since been hearing of other families being added to the Church; we inquired into the apparent discrepancy, and found that while some few families had from various reasons become disaffected and connected themselves elsewhere, yet a very large number had left the bounds of the congregation. We accidentally met a Frenchman from Indiana (who formerly had resided in St. Anne), who was travelling the country on business, and he assured us that around where he now lived there were over 50 families who had at one time lived in St. Anne, but who had emigrated to Indiana; he knew of some other settlements in the same state where many from St. Anne now lived, but he could not tell the exact number of families. We called on a member of the congregation who was preparing to go west. He told us that his boys had left for Kansas a few years ago and now he was going to join them. He knew as many as 30 families that had gone from St. Anne or neighbourhood to that same state, who were brought from Rome through Mr. Chiniquy, and who were now living in their new home as Protestants. Emigration will thus easily account for the difference between the numbers now and some years ago. We believe that this emigration will continue, for as the children grow up they want more land and they musk seek for it where land is cheaper, and the crops more certain than they seem to be in that part of Illinois.

We examined the session records for the last 3½ years, and found that 33 new names were added to the roll, of whom 24 were converts from Rome. We saw two men, with their wives, renounce the errors of Rome and sign a declaration to that effect and join our Church. They looked intelligent and devout. We also saw a young lady who had been sent to a nunnery in Chicago that she might become a nun, but she was now waiting upon the ministrations of Mr. Chiniquy.

The Sabbath school is very fluctuating. The morning we were there, there were not over 30 scholars present, but we were assured the attendance was usually much larger. We think the school could be made much more interesting and attractive. One pleasing feature, however, we must notice. Some grown up men and women attend who learned to read after they were grown up and had left the Romish Church

We spent one whole day and part of two other days in examining the school connected with the mission. There are three teachers employed. The Rev. Mr. Lafontaine teaches the more advanced classes in French, Latin, Greek and mathematics; an assistant male teacher takes the English, and an assistant female teacher the junior division in both languages. This last teacher has received all her education at this school, and it is gratifying to see her filling this position so well. The Shorter Catechism is repeated daily by the advanced scholars, and the Bible is read by all who can read. We did not find the classes so far advanced as might have been expected. This was partly accounted for by the fact that the two languages—French and English—were taught to the same children, and also that some of the older scholars had been out of school all summer and had just returned. The average attendance for the past year has been about 85. We took the liberty of visiting and examining the district school, and found it in a very good condition, with an energetic teacher, and an average attendance for the previous month of 52 1-7. No French is taught, but the Bible is read daily. The teacher receives $500 for 11 months. Altogether the young of St. Anne are very well off for education.

The deputation felt that a very important part of their work was to examine into the financial affairs of the mission. We accordingly spent much time in examining accounts and vouchers, and are able to furnish the following abstract. This, of course, is altogether different from the account of the Assembly's Treasurer—his report will appear in its proper place. It covers a period of over three years:—

Your committee would draw attention to the large contribution raised by the congregation of St. Anne, and would express a hope that now that they have appointed a committee to attend to the financial affairs of the congregation, they will be able to do more than ever they have done for the support of ordinances among themselves. Your committee has learned with great pleasure that through the labours of Mr. Chiniquy and the Christian liberality of friends in Britain, the debt remaining on the building has been paid off.

Your committee, after carefully considering all the matters connected with this mission, are unanimously of opinion that the time has come when the congregation of St. Anne could bear to have Mr. Chiniquy removed from them; and while another could discharge the duties of the pastorate, Mr. Chiniquy could be far more usefully employed in superintending our French evangelization work in the Province of Quebec. There is not perhaps another man on this continent who is so peculiarly adapted for this work. It gives the committee pleasure to be able to state that he has expressed his readiness to obey the call of the Church; and that the session and congregation, on having these views presented to them, voted that they would place no obstacles in the way of his removal. Your committee feel satisfied that were this action taken, it would not be long ere the two Presbyterian congregations of the village would be united under one pastor, and present a more formidable opposition to the pretensions of Rome than they can do apart; and in addition to this the united congregation could be ecclesiastically connected with the Church to which they properly belong. Could some such arrangement as this be carried out, Mr. Chiniquy might then be able to devote some part of his time to writing his book on Rome—part of which he has already

published, and which has been so well received by the Christian public; and also he could occasionally visit other parts where his services might be needed. His visit to the Maritime Provinces last summer is matter of history; the assault made upon him by the Roman Catholic rabble, encouraged by some of the leading men of the place, must endear him to this Church and point him out as a powerful enemy of Rome. And his still more recent visit to Britain shews that he can be far more usefully employed than ministering to the congregation of St. Anne. Testimonials have been received from many leading men in England and Scotland as to the good work he has done there; and most urgent letters have been received requesting the Church to allow him to spend six or eight months next year in Great Britain, and lecture on the errors of Rome in the cities and towns.

Mr. Chiniquy explained to your committee the circumstances connected with his recent baptism, but they felt that it was not within their province to consider this matter, and so took no action on it. They earnestly hope that everything will be overruled for the good of the mission, and that the Assembly will be led to adopt such measures as will greatly advance the cause of Christ among our French-speaking countrymen.

All of which is respectfully submitted.

A. A. DRUMMOND, *Convener.*

REPORT OF THE COMMITTEE ON BUXTON FINANCE.

At last General Assembly three gentlemen were appointed to audit the financial statement of your committee. The long illness and subsequent death of the late Mr. William Clark, treasurer of the fund, interfered with the carrying out of the Assembly's finding. On the death of Mr. Clark, the committee met and agreed to place the books and documents of the treasurer in the hands of the auditors, which was immediately done. Owing to the fact that the books had never before been efficiently audited, and that they extended over a period of fourteen years, embracing the expenditure of some $20,000, the auditors, after consultation, notified your committee that they were unable to devote the time necessary to an efficient examination of the books and a comparison of these with the vouchers; and recommended the appointment of a regular accountant. The committee, however, were indisposed to put the fund to such expense, the more so that one of their own number consented to devote some time to a careful audit of the books. This has been done, and the following statement shows the position of the fund on the 12th of March, 1874:—

leaving a balance in favour of the fund invested of three thousand two hundred and thirty-eight dollars and thirty-three cents.

Your committee have resolved to dispose of the mortgages at present held by them, with the view of investing the entire fund in building society stock, from which they will be able to realize interest at the rate of nine per cent. per annum.

The committee desire to place upon record their appreciation of the valuable services rendered in connection with the Buxton Mission and its financial administration for the past fourteen years, by the late M. W. Clark, of London—services which were ever cheerfully rendered, and which tended much to place the fund in the satisfactory condition in which it now is.

Your committee would recommend the General Assembly to continue the annual grant of $250 from the fund to the support of the Buxton congregation.

All of which is respectfully submitted.

Ottawa, 9th June, 1874. JOHN SCOTT, *Convener.*

REPORT ON FRENCH EVANGELIZATION.

Your committee beg leave to report that, during the last summer, A. B. Cronchet taught and did missionary work at Joliet; Misael Paradis and Telisphore Brouillette laboured in New Brunswick; Charles Brouillette at New Glasgow; Calvin Amaron at De Ramsay, and Charles Chavez in the Gattineau region. Philip Blouin and Theodore Bonchard colported along the north shore of the St. Lawrence, from Quebec to Tadousac.

The arrangement for the present season is as follows:—

1. Calvin Amaron stationed at Aylmer.
2. Telesphore Brouillette, at Riviere du Loup.
3. Charles Brouillette, at Lancaster.
4. A. B. Cronchet, in New Brunswick and Nova Scotia.
5. M. F. Boudreau, in the lumbering region of the Upper Gatineau, in connection with the Missionary Society of the Montreal Presbyterian College.
6. Charles Chavez in the Sixes portage on the Gattineau.
7. G. Mousseau, colporteur in connection with the Bible Society.
8. E. D. Pelletier is teaching at St. Anne's, Kankakee.

Misael Paradis has been licensed to preach the gospel, and is carrying forward the Evangelistic work he so successfully commenced in New Brunswick.

Telesphore Brouillette has finished his theological curriculum, and is ready for license.

Philip Blouin, Theodore Bonchard and Zadok Lefebvre who, during the past session have been attending the Montreal Normal School, will be ready for colporteur work from the beginning of July, for three months.

Your committee have pleasure in reporting the honourable standing taken, by the French students in our College competitions; and that they have already learned of at least five additional students who are likely to enter College next session. The labours of the able and accomplished French Professor are increasingly appreciated.

It is very desirable that those familiar with fields where missionary effort can be prosecuted with likelihood of permanent success, communicate at once with the convener, and that the effort to unify and systematize our French work, be carried out as speedily as possible.

The statement of accounts is as follows:—

REPORT ON THE STATE OF RELIGION.

In earnest desire for the advancement of Christ's cause, Paul said to Barnabas, "Let us visit our brethren in every city where we have preached the Word of the Lord, and see how they do." Similar to the interest which Paul expressed in the spiritual welfare of those among whom he and Barnabas had preached the Word and instituted the ordinances of Christ's appointment, is that of the Assembly in the spiritual welfare of all the congregations under their care. What cannot be accomplished, nor attempted, in the way of visitation by superintendents or by deputies, is sought to be effected by the instrumentality that may readily be employed in all the congregations. It is the desire of the Assembly to "see how they do;" and for this end questions, framed in no inquisitorial spirit, but prompted by earnest solicitude about the welfare of those of whom they have the oversight, are addressed to all the sessions within the limits of the Assembly's operations.

To these questions answers have been returned by 164 sessions. This, it is believed, is the largest number of returns sent in in any year in reply to similar inquiries. But, with anything like the earnest attention which the importance of the subject demands, this number might have been doubled. The returns were furnished by the sessions to the clerks of their respective Presbyteries. Reports based upon these were prepared by the great majority of the Presbytery clerks for their several Synods; and reports, more or less complete, have been forwarded to your committee by each synod, either through its clerk, or the convener of its Committee on the State of Religion. From this it is obvious that to the state of religion much attention has been given by the Presbyteries and Synods of the Church.

Your Committee would now present a synopsis of the Synodical Reports, supplementing these, in some instances, by information or by suggestions from the reports of Presbyteries, many of which have been forwarded along with the Synodical Reports. The attention of the Assembly is solicited to this fact, with which your committee have been much impressed in studying the reports and tabular statements which it was their duty to analyze; namely, that those Presbyteries which, during the previous years that have passed since the Assembly was constituted, have been giving much attention to this subject, seem now to be giving still more, while those which, during the period referred to, have given little attention to it, seem now to be giving less. From the Presbytery of Huron and that of Simcoe, the returns are singularly complete. From the former of these Presbyteries, 18 returns have been sent in, equivalent to one from each of its pastoral charges; and from the latter 19 returns, equivalent to one from each of its pastoral charges, and, in addition to these, from a number of its mission stations. On the other hand, the Presbytery of London, with 30 congregations, which, according to the tabulated statement of 1872, sent in 5 returns, this year sends in 4.

SYNOD OF MONTREAL.

The report from the Synod of Montreal is complete and explicit. From it we learn that in the Presbytery of Montreal much attention has been given to the state of religion during the past year. "A committee was appointed, and certain recommendations presented by it were adopted by the Presbytery, urging congregations to send in reports; enjoining ministers to call the attention of their people especially to the duties of family worship and the observance of the Sabbath; calling for special efforts to check intemperance and to elevate public sentiment on this question; and recommending a communicants' class in each congregation, if practicable. Fifteen congregations returned answers to the questions of the Assembly's Committee." In the Presbytery of Ottawa, "a measure of progress in things spiritual appears to have been enjoyed; and in more than one congregation the past year will be memorable for the marked advancement in grace." Fourteen congregations send in returns, against twelve last year. From the Presbytery of Brockville two congregations have sent in returns. Up to the meeting of Synod, no conference had been held in this Presbytery on the state of

religion; but your committee are happy to learn from an authentic source that, since the Synod, a very interesting conference has been held. Three congregations in the Presbytery of Kingston send returns. At a recent meeting, "a solemn and impressive conference was held, after which it was decided to make a similar conference part of the business at each meeting of the court."

In the Synod of Montreal, there has been much earnest labour in connection with evangelistic services. "These services, we have reason to believe, have been productive of much spiritual benefit to the people as well as to the ministers engaged. The reports which come from the deputations conducting these services give decided encouragement for the further prosecution of this good work."

SYNOD OF TORONTO.

From this Synod comes a full and carefully prepared report, containing statements and suggestions which, before concluding, your committees will take leave to present to the Assembly. In the Synod of Toronto, the Presbytery of Toronto sends in 10 returns from sessions, Owen Sound 5, Simcoe 19, Ontario 10, and Cobourg 8. "All the reports concur in setting forth an increase of membership, greater interest in Church work, and a better attendance on ordinances, growing liberality, decrease in Sabbath profanation and intemperance." Meetings of special interest are referred to as having been held in Peterborough, Cobourg, Millbrook, Port Hope, Baltimore and Cold Springs.

SYNOD OF HAMILTON.

Owing to the absence of the convener of the Synod's committee, the tabulating of the returns and the collation of the facts presented had to be entrusted to another brother, who cheerfully and efficiently discharged the duty thus unexpectedly devolved upon him. In the Presbytery of Hamilton, returns come from 8 sessions; Paris, 12; Guelph, 14; Durham, 4; Boner, 4. "There is a spirit of waiting desire for times of refreshing from the Lord's presence breathed in some of the returns, while others lament coldness and absence of spiritual life and power. Let our acknowledgments be made to the Lord that His presence is felt among us, by His work making silent but steady onward progress."

SYNOD OF LONDON.

The Presbytery of Huron sends returns from 18 sessions, with a remarkably full and instructive report. It is surprising that the Presbyteries of London and Chatham should present returns from only 4 and 3 sessions respectively, since in these Presbyteries the subject has obviously not been overlooked, and reports are furnished by them both, as well as by the Synod with which they are connected. In the Presbytery of Stratford returns have been received from 9 sessions. In the report of that Presbytery reference is made to "an interesting and an important work of grace in the congregation of Mitchell," of "the origin, nature, extent, and results of which, however, no definite information has been received." Your committee would respectfully suggest that, in the conference on the state of religion, ample time should be given for verbal reports from those who are able to speak of the movement in Mitchell, Fullerton, and in other places in which "times of refreshing" have been enjoyed.

From a conjunct view of the reports just referred to, your committee gather hese facts: That, in the congregations from which returns have been receivedt, there has been in most cases a considerable increase in the membership; that family worship is generally observed by heads of families that are members of the Church; that in almost every congregation there is a congregational prayer meeting, and that in some there are district meetings for prayer, conducted by Elders or other members of the Church, in which considerable interest has been manifested; that the congregations, with few exceptions, have a Sabbath school or schools, in which many of the Elders as well as other members of the Church engage in the instruction of the young, and that the schools are, in some degree, although not so fully as they should be, sustained by the sympathy and aid of the congregations; that in the congregations there is a growing liberality in the support of Gospel ordinances among themselves, and that in many cases a more

liberal support is given to the schemes of the Church; that the Sabbath is on the whole well observed, although complaints come from various quarters of temptations to disregard the holy day which are too readily yielded to; that intemperance is on the decrease, but that, in many communities, the drinking usages of the day are still exerting a most baneful influence; that in many congregations there is a growing interest in the cause of Christ, as well as a more regular attendance on public ordinances; and that, among young men and young women, there is a greater readiness to improve the opportunities afforded them for Bible-class instruction, while a goodly number of them have joined themselves to the Lord in a perpetual covenant that shall not be forgotten.

Your Committee rejoice in referring to these tokens for good; but they cannot conceal from the Assembly that those sending in returns lament, in some cases, the disecration of the Sabbath, the prevalence of intemperance, and the neglect of family worship.

In reply to the question addressed to sessions, whether any particular hindrances to the advancement of Christ's cause could be specified, the answers have been, for the most part, to the effect that no hindrances could be specified as peculiar to their own neighbourhood—none but such as are obvious to all, and lamented by Christ's people in all parts of the land. This, from the Report of the Paris Presbytery, expresses a conviction which seems to be strong in the minds of all who are longing for days of revival: "The one great hindrance to the spread of Christ's Kingdom appears to be prevailing worldliness, manifesting itself either in an inordinate desire to acquire earthly riches, or in a disposition to seek the highest happiness in the pleasures and gaieties which the present world offers."

A very noticeable feature in the reports of Synods and Presbyteries is the expression of deep interest in Evangelistic services—continuous meetings held in congregations on successive days or evenings under the superintendence of the pastor, aided by Elders or such other Christian friends as he may invite. Such meetings have frequently been held with the happiest results; and the blessings which has rested upon them leads us to doubt whether the general abandonment of many of the time-honoured days of preaching in connection with sacramental occasions has been a wise thing.

In the carefully prepared report of the Toronto Synod, we find suggestions to the effect that conferences on the state of religion should be held in all the inferior Church Courts, beginning with the Session and ending with the Synod, and that all interested be invited to take part in them; that a special sederunt of the General Assembly be set apart for considering the state of religion, and viewing it in all its important aspects; that the holding of Evangelistic Services should be encouraged; that special efforts should be made to render the ordinary weekly prayer-meetings more attractive and profitable; and that the answers to the questions on the state of religion should be read from the pulpit, and a sermon bearing on vital religion preached at the same time.

The Presbytery of Huron is "of opinion that interesting information might be elicited by the question, 'Is the week of prayer observed?' and that a question of the following kind might be useful, not only as a means of drawing forth information, but also as a means of suggesting a profitable exercise:—'Are any special means adopted for making the congregations more intimately acquainted with the Home and Foreign Missionary operations of our Church, or with missionary operations in general?'"

Your committee are of opinion that all the above suggestions of the Toronto Synod are well worthy of the earnest attention of the Assembly. With respect to those of the Huron Presbytery, they would hesitate to recommend that a specific question should be addressed to congregations respecting the observance of the week of prayer, but they believe that much interesting information respecting the observance of the "week of prayer" might well be given in reply to a general question about circumstances or events favourably affecting the advancement of Christ's cause in the various congregations of the Church. As to "special means adopted for making the congregations more intimately acquainted with Home and Foreign Missionary operations," your committee are of opinion that the suggestion of the Presbytery of Huron as to a question in reference to these may with much advantage be acted on.

Your committee do not offer any special recommendation in regard to Evangelistic Services, inasmuch as that subject is to be brought in another form under the consideration of the Assembly.

Your commmittee would recommend that Ministers should be enjoined by the Assembly to give special prominence in their preaching of the Gospel to the all-sufficiency of Christ's work for the redemption of His people. To many questionable theories and speculations of many kinds the attention of men is now being called even from the pulpits of the Christian Church. But let our Ministers be more than ever determined not to know anything among those to whom they minister save Jesus Christ and Him crucified. There is only one Saviour: there is only one way of salvation; there is no salvation in any other; "neither is there any other name under heaven given among men whereby we must be saved." They would recommend, moreover, that our people should ever be reminded by their ministers of the necessity of humble and habitual dependence on the gracious influences of the Holy Spirit. And besides being reminded of this, our people should be reminded of the large encouragement which is being given in those very days to wait upon God in earnest and importunate prayer for times of refreshing from His presence. "Awake, O north wind, and come thou south, and blow upon my garden, that the spices thereof may flow out."

All of which is respectfully submitted. THOS. WARDROPE, *Convener.*

REPORT OF BOARD OF MANAGEMENT OF KNOX COLLEGE.

The Board of Management of Knox College have to report that on the first day of October, 1873, the Rev. William McLaren, lately of Knox Church, Ottawa, was, according to the instructions of the General Assembly, inducted into the office of Professor of Systematic Theology by the Presbytery of Toronto; further, that the Rev. Dr. Proudfoot, during the last half of the session, conducted the classes in Homiletics, Pastoral Theology, and Church Government. During the first half of the session instructions in elocution were given by Mr. Taverner. The work of the session was carried on with much harmony and efficiency.

It will be seen from the report of the Senate, herewith transmitted, that there were 38 students in the Theological Department—13 being of the first year, 9 of the second, and 16 of the third. There were also 19 in the Preparatory Department. Besides, a considerable number of young men having a view to the ministry are prosecuting their studies in the University. While it is matter of thankfulness that the graduating class this year is exceptionally large, yet, in view of the pressing wants of the Church, and especially of the Home Mission field, there is much need to use all legitimate means to induce young men of suitable character and talents to study for the ministry, and especially to pray to the Lord of the harvest to send forth labourers into His harvest. Unless a much larger number of students can be obtained the Church will not be able to accomplish the great work entrusted to her, and upon which she has entered.

From the full and accurate financial statement accompanying this report, it will be seen that the contributions to the ordinary fund of the College to May 1st have amounted to $7,800 70. This leaves a deficiency in the ordinary revenue of $1,802 88, which is due to a deficit of $80 94 from last year, to the transference of $1,000 from the Alexander estate to the Endowment Fund, and to a deficiency of $721 94 in the revenue for the year terminating on the first day of April, which may have been partially occasioned by the extraordinary efforts made to erect a new college.

It will be also seen that the Endowment Fund now amounts to $6,612 10.

The contributions to the Bursary Fund have amounted to $1,983 67, which, with a balance of $90 34 from last year, amounts to $2,074 12, all of which has been expended, with the exception of $53 12.

The Board has great pleasure in reporting that the amount subscribed for the new college buildings is now $86,159. Of this sum $22,871 82 have already been paid. The contracts let amount to $73,680, but these do not include heating apparatus, fencing and laying out grounds, and several other extra and contingent expenses. In order to meet engagements with contractors, it has been found necessary to borrow $10,000 from the Western Assurance Company, giving as security a mortgage on the old college building and site.

It is gratifying to state that the work on the new buildings, the foundation stone of which was laid on the first Thursday in April, is advancing rapidly, and it is expected that the whole will be completed early next year. Although much has already been done, yet it is to be hoped that friends will not relax their efforts, as it is not expected that the whole work can be completed without large additional subscriptions, nor that the instalments as they become due can be collected without much exertion. Thanks are due to several friends, but especially to Principal Caven and Professors Gregg and McLaren, for their exertions and perseverance in canvassing for subscriptions. Special thanks are also due to a sub-committee of the Board, of which the Honourable Mr. McMurrich is convener, and which is composed of several able business men in Toronto in addition to members of the Board, for their great diligence and business skill in maturing the plan of the building, letting contracts, and superintending the whole work. It is felt by the members of the Board that a high honour has been conferred on them by entrusting this great work to them without reservation, and their only regret is that their term of office expires too soon to permit them to report its completion, as an abiding monument of the Church's liberality, and of its determination to spare no expense needful to secure an educated ministry.

The Board has pleasure also in reporting that His Excellency the Earl of Dufferin, with the view of encouraging education, has offered to present a silver medal, to be competed for by all theological students, as a prize for general proficiency, and that this offer has been suitably acknowledged and accepted.

Mr. Gunn's appointment has been continued till the close of next session of the College.

The Board agreed to recommend that the lectureship in Homiletics, etc., etc., be continued until some permanent arrangement is made for teaching these branches.

The Board also agreed to recommend that the salaries of the Professors in the College be increased. This recommendation is made at the present juncture especially, because the whole question of professors' salaries will be brought before the Assembly by the committee appointed last year to consider and report on this matter.

All of which is most respectfully submitted.

JOHN J. A. PROUDFOOT,
Chairman of the Board of Management.

OTTAWA, June 4th, 1874.

REPORT OF THE SENATE OF KNOX COLLEGE.

Session 1873—1874.

The Senate of Knox College has to report that the number of students in the Theological Department during the past session was *thirty-eight.*

The list is as follows:—

First year:—Messrs. Samuel Acheson, Stuart Acheson, Walter Amos, James Allison, Frank Ballantyne, James Campbell, A. L. F. McFarlane, Colin Fletcher, J. R. Gilchrist, R. P. McKay, A. [M. Hamilton, Alexander Henderson, W. M. Henry.

Second year:—A. M. McClelland, Donald McRae, Hugh McPhayden, Robert Scott, Alexander Stewart, James S. Stewart, William Reid, Peter Straith, A. F. Tully.

Third year:—James Bryant, J. R. S. Burnett, Isaac Campbell, John Campbell, Hector Currie, J. B. Fraser, Simeon Fisher, Donald McKeracher, Hugh McKellar, R. W. Leitch, Ben. Lyman, Peter Nicol, H. H. McPherson, G. G. McRobie, John Somerville, Robert Thynne.

Mr. Henderson, (first year) is not as yet a duly enrolled student, but at the instance of the Hamilton Presbytery, was permitted to attend the classes during the second term of the session, it being understood that application should be made by the Presbytery to the General Assembly, at its meeting in June next, to have his case dealt with as a special one. The Senate are happy to concur with the Presbytery of Hamilton in the propriety of making this application.

The following abstract of the several class reports is here given.

Principal Caven had under his charge three classes—the Senior Exegetical, the Junior Exegetical, and the class in Biblical Criticism. The Senior Exegetical class was occupied during the first term with the interpretation of the Epistle to the Hebrews, ch. 1—6; during the second term their work lay in the Book of Exodus. Each student of the third year prepares a critical exercise with additions; and inasmuch as this year was above the average in number, a good many of the more difficult passages of the New Testament were during the session brought under review.

The Junior Exegetical class read critically the *first six chapters* of the Gospel of Luke, and the first nine chapters of the Book of Genesis, and part of the eleventh chapter. A brief course of lectures was given in the class, on the History and Principles of Scripture Interpetration.

Biblical Criticism was taught, partly in the use of Horne as a text-book, and partly by lectures. The class in this study met twice a week during the session. It consists of the students of the first year, who also form the Junior Exegetical class.

Professor Gregg conducted the classes in Apologetics and Church History, and examined the Homilies and Latin Discourses. In the class in Apologetics)which consisted of the students of the first year), the subjects treated of were Natural Theology, the Evidences of Revealed Religion, and the Inspiration of the Scriptures.

The Church History class comprised the students of the second and third years, and the ground gone over was the first seven centuries of the Christian Era. Competitors for the Esson bursaries were examined in Biblical History from its commencement to the reign of Saul.

Professor Gregg suggests as worthy of consideration, whether the class in Church History should not embrace the students of the third as well as of the first and second years—this important study being thus made to extend over the entire theological curriculum.

Professor McLaren conducted the class in Systematic Theology, consisting of the students of the second and the third years. Three days of the week were devoted to lectures on the Inspiration of the Scriptures, the Rule of Faith, the Attributes of God, and the Decrees of God. Two days weekly were devoted to lectures and discussions upon the Decalogue. In connection with this subject the students were required to study and undergo examination upon "Fairbairn on the Revelation of Law in Scripture."

Professor McLaren deemed it proper thus to divide the work of the class, inasmuch as the students, who will this year graduate, had not during any previous part of their course given special attention to questions connected with the Decalogue and the Covenant of Law.

Each student was required to write one theological essay during the session, which duty was performed in a very satisfactory manner.

Dr. Proudfoot delivered a series of Lectures on Homiletics, with the view of supplementing and perfecting the system taught last session. He also gave a full and exhaustive course of twenty lectures on Pastoral Theology. Twelve lectures were delivered on Church Government; embracing about a third part of a full course upon that subject.

In addition to systematic lecturing, Dr. Proudfoot examined carefully and criticised in the class sixteen sermons by students of the third year, and nine lectures by students of the second year. There was thus the opportunity of applying practically the principles of sermonizing established and inculcated during the session.

The students of the first year attended Dr. Proudfoot's lectures voluntarily but not as members of the class. Testimony is borne to the great interest which the students evince in homiletical training, and their growing appreciation of its importance.

All the professors speak with perfect satisfaction of the diligence and the deportment of the students, and of the regularity of their attendance on the classes.

In accordance with the instructions of the General Assembly, the services of a teacher of elocution were secured, and the Senate is happy to report that the lectures of Mr. Taverner, who was engaged by the College Board, were much valued by the students, and are believed to have been very useful to them.

In the *Preparatory Department* of the College, the number of students during the past session was nineteen. The list is as follows:—*First year:* Messrs. Alexander Nicol and D. McBain. *Second year:* Messrs. C. Cameron, D. G. McKay, J. W. Smith, P. C. Goldie, T. Kenning, T. Coulter, William Bluet, John Johnson, Donald Currie, William Fitzsimmons, Alexander Fraser and J. Geddes. *Third year*: R. Fowley, A. H. Kippin, H. McKay, W. Gallaher and R. Henderson.

It is proper to remark that four of the students here classed as of the second year entered the College this session, but in accordance with the prescribed examination, were found qualified to take their place as second year's students.

The students in this Department, as in former years, received instruction in Knox College in classics only; but gave attendance at the University of Toronto on the classes prescribed to them by the Board of Examiners.

The classes in Greek and Latin were conducted by Messrs. H. H. McPherson, M.A., and Peter Straith, M.A., who were last summer appointed tutors by the College Board.

Mr. McPherson, who taught Greek, reports that the senior class, consisting of the students of the second and third years, read Homer's Iliad, B. VI., and three chapters of the Epistle to the Galatians. The junior class read Xen. Anab. B. I., chapters i. ii. and iii., and went over the greater portion of the Greek Grammar. The progress made by the students in both classes was gratifying, but in the senior class more might have been done, had it not been for the great inequality in the proficiency of its members. The attendance on the classes was good, but owing to bereavement of a very trying nature, one student—Mr. Gallaher—was absent from the final examination.

Mr. Straith adopted the same classification of students in the study of the Latin language. The senior class read the first Oration of Cicero against Cataline, and 480 lines of Virgil's Georgics, B. IV. The students of the junior class read 485 of the Æneid, B. II. The attendance on the whole was very good, and the interest shown in the work encouraging.

As for some years past, the *Students' Metaphysical and Literary Society* was maintained with much vigor, and is entitled to be regarded as, in its own department, a valuable auxiliary to the proper instrumentalities of the College.

It would be improper not to refer to the very great interest evinced by the students of the College—as also by those students attending the University who have the ministry in view—in the work of missions. It is believed that in no previous year has more valuable service been rendered to the Church in connection with the *Students' Missionary Society.* The fields occupied by this Society are those which the Church, through her ordinary agencies, is least prepared to occupy. Last year thirteen missionaries were maintained by the Students' Society; and the account of their labours given in the Annual Report is uncommonly interesting. But deep regret is expressed that in the case of some of the most important stations the Church has not been able to follow up the work done by the student missionaries during summer; and thus the fruit of their labours has, it is feared, been to some extent lost.

Special interest has been infused into the meetings and operations of the Society during the past months, by the fact that a student of the graduating class, in response to the invitation of the Church, is about to proceed as a missionary to the Island of Formosa. J. B. Fraser, M.D., the student referred to, has held a most honourable standing during his whole course of study, and it is the hope and earnest prayer of the Senate that his consecration to this work may help greatly to increase the missionary zeal, not only of fellow-students from whom he now separates, but of the entire Church. It is an interesting circumstance in the history of the College that Dr. Fraser is the first missionary who proceeds immediately from its classes to the foreign field.

The monthly Saturday prayer meeting has been well attended, as well as the devotional meetings held weekly by the students themselves.

By the divine goodness, the health of the students during the session has, with slight exception, been such as to allow uninterrupted prosecution of study. But the hand of God must be acknowledged in the bereavement with which more than one of their number have been visited; and the Senate would express its sympathy with the several students and families thus called to mourn.

The class this year graduating is exceptionally large, consisting as it does of sixteen members. It is hoped that these, by the divine blessing, may prove a valuable accession to the Church's labourers; and that whether called to serve the Master at home or abroad—in heathen or in Christian lands—they may prove workmen who shall not need to be ashamed, rightly dividing the word of life.

The Senate would ask permission to express its gratification at the success which has thus far attended the effort to erect new premises for the College, and its hope that before next session has long commenced, it may be able to take possession of a building which shall afford greatly increased facilities for the work of the College, shall promote the comfort of the students, and shall reflect credit on the liberality of the Church and her zeal in the interests of theological education.

The examinations at the close of the Session, as at the beginning of it, were conducted by the Board of Examiners appointed by the General Assembly. The detailed results will be given in the Report of the Board.

The following is a list of the Scholarships awarded in the Theological Department.—

(1ST YEAR.)

Bayne Scholarship, $50: for proficiency in Hebrew at entrance examination. Awarded to Samuel Acheson.

Gillies Scholarship, (I.), $40: for general proficiency at entrance examination. Awarded to W. M. Henry.

Goldie Scholarship, $40: for Exegetics—closing examination. Awarded to A. M. Hamilton.

Gillies Scholarship, (II.), $40: for Church History—closing examination. Awarded to Colin Fletcher.

Dunbar Scholarship, $40: for Apologetics—closing examination. Awarded to R. P. McKay.

Heron Scholarship, $32: for Biblical Criticism—closing examination. Awarded to Frank Ballantyne.

(2ND YEAR.)

Alexander Scholarship, (1.), $50: for general proficiency in classes—closing examination. Awarded to Alexander Stewart.

Bonar Scholarship, $40: for Church History—closing examination. Awarded to Alex. McClelland.

Harris Scholarship, $50: for Systematic Theology—closing examination. Awarded to Peter Straith.

Alexander Scholarship, (II.), $50: for Exegetics—closing examination. Awarded to Robert Scott.

Esson Scholarship, (I.), $60: for examination on Biblical Church History. Awarded to J. S. Stewart.

Galbraith Prize, (Lange's Commentary): for Hebrew—closing examination. Awarded to Peter Straith.

(3RD YEAR.)

Fisher Scholarship, (I.), $60: for Systematic Theology—closing examination. Awarded to Hector Currie.

Fisher Scholarship, (II.), $60: for Exegetics—closing examination. Messrs. McPherson, J. Somerville.

Loghrin Scholarship, $50: for Essay on the Nature of the Atonement. Awarded to J. B. Fraser, M.D., (Is. Campbell and D. McKerracher.)

Clark Prize, (Lange's Commentary): for New Test. Greek—closing examination. Awarded to H. H. McPherson.

Esson Scholarship, (II.), $40: for examination in Biblical Church History. Awarded to Donald McKerracher,

Lindsay Scholarship, $40: Homiletics, Ch. Gov., &c.—closing examination. Awarded to S. W. Fisher.

Dr. Fraser as holding, with Mr. H. H. McPherson, the Prince of Wales Prize, could not, according to the rule of the College, receive more than half the value of the Loghrin Scholarship; the other half was divided between D. McKeracher and Isaac Campbell, whose essays were adjudged of equal merit, and next to that of Dr. Fraser. For the same reason J. Somerville shares the Fisher Scholarship (II.) with H. H. McPherson.

All of which is respectfully submitted.

WM. CAVEN,
Principal Knox College.

REPORT OF THE BOARD OF EXAMINERS.

WESTERN SECTION.

The Board of Examiners submits the following report of its operations during the past year:—

I.—*Students in Preparatory Course.*

Seven students presented themselves for examination in the beginning of October, with the view of having places assigned to them as students of the Preparatory Course of Knox College.

On examination, five, viz., John Johnstone, Donald Currie, Colin Cameron, William Fitzimmons and William Bluett, were ranked as students of the 2nd year; the remaining two, Alexander Nichol and Duncan McBain, were entered as students of the 1st year.

The Board, in addition to arranging for their attendance on the classes for instruction in Latin and Greek within Knox College, prescribed certain classes in University College for the students of each year of the Preparatory Course.

An examination in Latin and Greek was conducted by the Board at the close of the Session. Eighteen students of the Preparatory Course took part in it and passed creditably. One student of the third year was compelled to leave the city before the date of the examination. It was agreed to allow him his standing in the circumstances. Certificates were presented from the Professors of University College by the students of the various years, attesting regularity of attendance on the prescribed classes, and such acquaintance with the subjects as entitled them to pass, in some cases with honour, in the various departments.

The following is a list of the students in the Preparatory Course, with the standing to which they are entitled.

Students of the 1st Year.—Alexander Nichol, Duncan McBain.
" " 2d Year.—D. G. McKay, Thomas Coulter, William J. Smith, Thos. Kenning, Alex. Fraser, William Fitzimmons, John Johnstone, Donald Currie, Colin Cameron, J. Geddes.
" " 3d Year.—Robt. Fowlie, Roderick Henderson, A. H. Kippen, Hugh McKay, William Gallagher, and P. C. Goldie.

It only remains to be stated that several students whose names appeared last year in the list of Preparatory Students of Knox College are not found in the present list, the reason being one which can hardly fail to give satisfaction to the members of this Assembly, viz., the desire to take the longer and more thorough course of study prescribed by the University of Toronto.

II.—*Students in the Theological Course.*

Of the twelve students entering on the study of theology in October, only six were examined by the Board, the remainder having been admitted to the standing of study of theology, in accordance with the legislation of last Assembly, on the ground of their possession of the degree of B.A. or M.A., or of their having completed the Preparatory Course of study at Knox College.

The names of those examined by the Board are: Stewart Acheson, Samuel Acheson, Wm. Henry, W. Amos, J. Allison, and Alex. McFarlane.

The scholarship for general proficiency was awarded to Wm. Henry; that for excellence in Hebrew to Samuel Acheson.

As a full account of the examinations in the Theological Department at the close of the Session is embraced in the Report of the Senate, it is unnecessary to make any further statement thereon in this report. These examinations were conducted by the Senate and Board acting conjointly.

III.—*Students Attending University College.*

As in former years, an examination was conducted by the Board for the purpose of awarding scholarships to students attending University College with th view of entering the ministry of the Canada Presbyterian Church.

Thirteen students competed, and as the result of the examination the Board awarded scholarships as follows:—

In the 4th Year.—William W. Wilson.
" 3d Year.—F. R. Beattie, (1st); Alexander Leslie, (2nd).
" 2d Year.—Duncan McColl, (1st); Peter Bryce, (2nd).
" 1st Year.—Andrew Baird, (1st); Samuel H. Eastman, (2d); David Stalker, (3d).

The attention of the General Assembly is called to the fact that this scheme has hitherto received a very partial support throughout the Church. It was the hope of the Board that as its merits became better known, one scholarship at least would be provided by each of the wealthier congregations in our cities and lasger towns. In this hope it has been disappointed, and unless some prospect is held out of more general support, it will be necessary at once to discontinue the scheme, well fitted as it is to assist and encourage the candidates for the ministry to take a full course at a University before entering on the study of theology.

The scholarships are awarded to students on the distinct understanding that it is their intention to enter the ministry of the Canada Presbyterian Church. While no pledge is taken that the money should be refunded by those prevented from carrying out this purpose, in several instances this has been done, two having occurred since the date of last report.

All which is respectfully submitted.

JOHN M. KING, *Convener.*

TORONTO, June 1st, 1874.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, MONTREAL.

Session 1873—1874.

The Report of the Senate and the Treasurer's Audited Statement, which are herewith transmitted to the General Assembly, show the work and financial condition of the College. The Board of Management record with devout gratitude to God the completion of the new College building, which was opened with appropriate services on the 28th day of October last. It is a stone edifice, elegant and commodious, pleasantly situated on the rising ground above the city, commanding a view of the University grounds, the city, and the scenery of the St. Lawrence. As immediately adjoining McGill College, it affords students the greatest facilities for attending lectures in that institution, and obtaining constant access to its valuable library and museum.

In addition to its library, lecture-rooms and offices, it contains studies and dormitories for resident students, together with bath rooms, and other modern conveniences. The rooms are comfortably furnished, and the whole building, including the individual rooms, is well ventilated, heated with hot water pipes and lighted with gas.

Resident students are furnished with rooms, heating and light, free of expense; but the refectory and attendance of servants are in the hands of the steward, whose fee will in no case exceed three dollars per week, and who is responsible to the Board of Management for the efficiency of his service. By these arrangements the comfort and success of students have been greatly promoted.

The amount subscribed to the Building Fund to date is $43,522, of which $33,104 05 has been paid. The amount expended for purchase of ground and building is $42,428 81, being in excess of receipts, $9,324 76. There are also accounts not yet rendered, and a considerable expenditure required for office furniture, fencing, and other improvements in connection with the grounds. And in view of the growth of the College, the Board deem it necessary to take steps to enlarge the building with as little delay as possible.

It will be seen from the Treasurer's statement that the expenditure for ordinary purposes has this year been in excess of the revenue. This is apparent from the fact that the year opened with a balance on hand of $1,012 69, and closes leaving only $196 47 balance in hand. This is due to the unavoidable increase of expenditure, and not to any diminution of the contributions of the people. On the contrary, there has been an increase in the annual collection as compared with last year of $426 26, and a still further increase of liberality is required in order to add to the usefulness and efficiency of the College.

The professional staff has been greatly strengthened by the induction on the first day of October, in terms of appointment by the General Assembly, of the Rev. John Campbell, M.A., into the Chair of Church History and Apologetics. Professor Campbell delivered his inaugural lecture on the connection of sacred and profane history the same day, and has continued to discharge the duties of his office with much zeal and success.

The Rev. J. M. Gibson having removed to a pastoral charge in the city of Chicago, resigned his office as Chairman of the Board and Lecturer in Exegesis.

The Board desire to put on record their appreciation of the valuable services rendered by him in both these capacities.

RECOMMENDATIONS.

The following recommendations are submitted to the General Assembly:

1. That the Rev. John Scrimger, M.A., be appointed Lecturer in Exegesis next session, at a salary of five hundred dollars.

2. That for reasons to be urged, the General Assembly be respectfully asked to relieve the funds of this College of the charge made last June for part of the retiring allowance of the former Principal of Knox College, Toronto.

The Rev. Dr. Burns, Mr. W. King, and Mr. John Stirling, were appointed to support these recommendations before the General Assembly.

All of which is respectfully submitted.

R. F. BURNS,
Chairman.

PRESBYTERIAN COLLEGE, MONTREAL, May 28th, 1874.

REPORT OF THE SENATE OF THE PRESBYTERIAN COLLEGE, MONTREAL.

Session 1873-1874.

STAFF OF INSTRUCTORS.

Rev. D. H. McVicar, LL.D., Principal, and Professor of Systematic Theology and Homiletics; Rev. John Campbell, M.A., Professor of Church History and Apologetics; Rev. D. Awarded to Robert Watt.

The Senate direct attention to the new and more thorough arrangements respecting Scholarships, medals, prizes and certificates of honour for the next Session, announced in the Annual Calendar just issued. In addition to the ordinary subjects taught in the classes of the various professors, as prescribed for each year, in which every student must pass an examination at the close of the session, an honour course is provided, which is optional, and in which no lectures are given, but to which certificates of honour, scholarships and medals are attached. Seventeen scholarships, two medals, and ten prizes are thus offered for competition. Two of the scholarships are of the value of $100 each, two $70 each, and the rest $50 and $40 each.

The books of the honour course in each year are generally selected from among those to which attention has been directed and a partial analysis of which has been given in the classes. It is believed that this arrangement will secure concentration of effort on the part of students, and a more thorough course of reading than is usual in connection with their theological curriculum.

Students of the first and second year are required to attend the classes and pass examinations in elocution and music. Students of the third year are not required to attend the classes in elocution and music, but hours are set apart for special exercises in extemporary speaking, in which they are expected to engage. These provisions are deemed specially valuable in fitting young men for the work of the ministry.

All French students, and students preparing for French work, are required to take the Sacred Criticism of the three years with Prof. Coussirat, and English students who understand French are urged to do the same. Students taking this course and passing examinations in it are exempted from examination in the Biblical History of the first year, the Apologetics of the second, and the Exegesis of the third. In the honour work they may also take the examinations in Latin, Greek and Hebrew authors, Gaussen and Calvin, in French instead of English.

French students are not required to give more than one of their College exercises in English, and at least two of them must be in French.

While French students are eligible for all the scholarships and other rewards of the theological course, in consideration of the disadvantage at which they are placed by pursuing their studies in both languages, certain special scholarships are offered for competition to them.

AFFILIATION WITH MCGILL UNIVERSITY.

The Senate, as in former reports, direct attention to the special advantages afforded students in virtue of the affiliation of the College with McGill University. They have thereby access to the library, museum and lectures of that institution. By scholarships which are in the gift of benefactors, they may enjoy exemption from College fees. In addition to these there are sixteen exhibitions and scholarships of from $100 to $125 each, annually offered for competition to students in arts, and at the close of their curriculum five gold medals are awarded in the various departments, besides prizes and certificates of honour. For full information on these matters reference is made to the Calendar.

LIBRARY AND READING ROOM.

The following additions were made to the library during the session: By purchase, 92 vols., by donation, 254 vols., in all, 346 vols. The reading room has been supplied during the session with over fifty different papers and periodicals, many of them without expense to the College. The Senate beg to request the attention of the Board to the necessity of increased accommodation for the library.

STUDENTS' PHILOSOPHICAL AND LITERARY SOCIETY.

This society aims at the cultivation of the reasoning faculty, literary taste and rhetorical powers of its members, by means of fortnightly meetings for discussions, readings, the delivery of essays, &c. Its work during the past session has been more successful than in any previous year; and this is in a great measure due to the convenience enjoyed in the new College building. The Senate offers annually the following prizes, which are awarded by vote of the society, viz.: One prize (each one of the value of ten dollars in books, appropriately bound, and bearing the College stamp), for excellency in (1) Public Speaking, (2) English Reading, (3) French Reading, (4) for the best English Essay, (5) for the best French Essay.

The thanks of the Senate are tendered to the Rev. Wm. Reid, M.A., Moderator of the General Assembly, for a set of Macaulay's works, to be awarded as a prize by this society.

MISSIONARY SOCIETY.

This society reports directly to the Convener of the General Assembly's Home Mission Committee; but it is proper here to state that it meets weekly for prayer, general business, and conference on home and foreign mission matters. It directs the efforts of students in the city and vicinity, and employed during College recess six missionaries. The work of this society was much promoted during the session by the presence of several distinguished visitors. Among them were the Rev. Narayan Sheshadri, of India, Rev. Dr. Graham, of Bonn, and Rev. Dr. Duryea, of Brooklyn, N.Y., who delivered most instructive and profitable addresses before the students.

The opening lecture of the session was delivered by the Rev. Prof. Campbell, on the Connection of Sacred and Profane History, and the closing lecture by Principal McVicar on Prayer and Recent Criticism.

All which is respectfully submitted,

D. H. McVICAR, *Chairman of Senate.*

REPORT OF THE BOARD OF MANAGEMENT OF MANITOBA COLLEGE.

The Board of Management during the past year organized for the first time under the by-laws adopted at last Assembly. At the first meeting a balance sheet of all receipts and expenditure on ordinary account since the opening of the College was received, audited and approved.

The amount of receipts was	$1021 24
" " expenditure	1023 88

During the present year there has been received from all sources for ordinary account, $577 89, and expended the same amount as per balance sheet attached.

The boarding house in connection with the College has been in operation for the year, and has had an average of ten boarders. At the first meeting of the Board the deliverance of the Commissioners on the removal of the College building was considered. The deliverance was as follows:

The Commissioners appointed by the General Assembly to visit Manitoba, in reference to the opening of classes for higher education in the town of Winnipeg, having met with the Presbytery of Manitoba, and held conferences with the Building Committee of Manitoba College and Board of Management; and having investigated all matters relating to the proposed transference of Manitoba College from Kildonan to Winnipeg, are prepared to recommend that the College be transferred from Kildonan to Winnipeg.

It is understood by the Commissioners, in making this recommendation, that the debt on the College Building, amounting to $1,600, be assumed by the Board of Management of Manitoba College, and that suitable buildings be provided for college purposes until permanent buildings are erected.

Further, that inasmuch as the sum of about $1,600 has been contributed by friends in Kildonan, and by bequest, towards the erection of the present College building, the Commissioners recommend that it be made over to the trustees of the Kildonan congregation, to be by them held for the congregations' behoof and benefit, and used or disposed of as the congregation may direct.

(Signed) ROBERT URE,
WILLIAM COCHRANE.

The following resolution was unanimously adopted: "That the deliverance of the Commissioners from the General Assembly of the Canada Presbyterian Church, anent the removal of the College to Winnipeg, be accepted as satisfactory by the Board of Management."

In view of the removal the Board appointed Site and Subscription Committees, who reported in favour of the purchase of a site of two acres within the limits of the city, which, on account of the object, was offered at half-price, viz. $500 for the block. To provide for the immediate wants of the College a substantial building has been bargained for, and the refusal given until after the meeting of the Assembly. The cost of the building is $2,500. To meet the expenditure $3,000 is required. A subscription list has been opened, and, taking all facts into consideration, a most liberal response given. The subscriptions are payable according to the conditions of the accompanying report and schedule forwarded to the Assembly for approval.

The Board have, by the recommendation of the Commissioners, been bound to assume the debt of $1,500 on the old building, and for this amount private members of the Board are responsible. In addition, according to the recommendation of the Commissioners, the Board is required to relinquish the present building

In the present state of the country, and in view of the liberal and energetic response given to the call for funds for the new building, and for obtaining a site which in five years will probably be worth five or ten times its present value, the Board prays for such relief as the Assembly may extend. It would respectfully suggest for the approval of the Assembly:

1. That the Building and Endowment Funds be amalgamated, and called "Manitoba College Permanent Fund."

2. That an effort be made to raise a sufficient sum to relieve the Church of the support of the College by increasing this "Permanent Fund," which now has $2,890 15 paid into the agent of the Church.

3. That the $1,500 above referred to be paid from such sums as may be hereafter raised for this Permanent Fund, and that present arrangements be made for the relief of the private parties responsible for the amount.

4. That such moneys as may be raised be placed for investment in the hands of the Manager of the Merchants Bank of Canada, at Winnipeg, who guarantees to invest them for 12 per cent. in absolutely safe investments up to the amount of ten or twenty thousand dollars.

The Board would earnestly beg of the General Assembly that the Rev. Thos. Hart, M.A., be appointed a Professor in the College to receive support and retain Church connection as at present.

The Board would also, on account of the distance of Manitoba from the place of meeting of the General Assembly, respectfully present the following plan of constituting the Board of Management.

That the Assembly appoint the fifteen members of the Board to be nominated in the following manner:—

2 Professors.
2 Nominated by the Presbytery of Manitoba.
3 " " Knox Church, Winnipeg.
3 " " Kildonan.
3 " " Synod of Presbyterian Church of Canada in connection with the Church of Scotland.
1 " " Little Britain.
1 " " Portage La Prairie.

It is the request of the Board also that a seal be authorized by the Assembly to be affixed by the Board to legal documents.

All of which is respectfully submitted.

MANITOBA COLLEGE—REPORT OF THE SENATE.

In giving this, its first annual report, to the Board, the Senate is of the opinion that a short statement of the matters properly belonging to it previous to the present session may be useful.

The classes in Manitoba College were begun on the 10th of November, 1871, by the Rev. George Bryce, M.A., a graduate of and examiner in the University of Toronto, and at the time of his appointment assistant in Chalmers' Church, Quebec. The Rev. John Black had for two years previous been maintaining classes in classics, and Mr. D. B. Whimster, sent out by the Home Mission Committee, had given instruction in English and mathematics. The Rev. John Black took during the first year several classes in Greek and Latin. A master also gave instruction in commercial subjects. The College began with seven students, and during the first session this number rose to seventeen. Written examinations were held with the best results, and a few prizes were awarded.

The second session began in October, 1872. During the summer of 1872 arrangements had been made between the Synod of the Presbyterian Church of Canada in connection with the Church of Scotland and the Assembly for joint action in college and missionary work. Accordingly, this session began with the Rev. Thomas Hart, M.A., a graduate of Queen's College, Kingston, and favourably known in Central Canada as Principal of the Perth Grammar School, in charge of classics and French. A commercial teacher was also employed. There were during this session 24 students on the roll, at various stages of advancement. A strict and full examination was held at the end of each of the three terms.

The third or present session began in October, 1873. The Senate regrets that on account of the length of session being nine months, it can only report on two-thirds of the session, viz., up to the end of March.

Session 1873-1874.

EXAMINATIONS.

The examinations of the College are conducted on the same principle as those of the University of Toronto. The students are classified, a class-list posted up, and every precaution taken to make the examination searching and useful. Examinations under the direction of the Senate were held in December and March, and all the examiners reported a great advance on the previous session in answering power and acquaintance with the subjects of examination. The Senate has much pleasure in reporting that the organization of the College has this year been completed, and that during the year the whole four forms have, for the first time in the history of the College, been in operation. The Senate has also to report that it was deemed advisable to substitute some works in the authorized curriculum. Cicero pro Archia for Cicero vs. Cataline; Livy, Book V., for Horace, Ars Poetica, and Lucian's Timon was added; and also that in consequence of the addition of several authors in classics and French, the subjects of the special course for IV. form were remitted.

MEDALS, BURSARIES AND PRIZES.

The prizes, &c., awarded last year were distributed at the public opening on the 5th of January. No bursary or prize is awarded except when a certain standard of merit is reached. The bursaries are in money, the prizes in books. The following are the donors, amounts and recipients:

The Senate has in this connection to mention that the Governor-General has expressed his intention of giving annually to the College, during his stay in Canada, a silver medal. The Senate has agreed to award the medal to the best student of the highest form who reaches a requisite standard, and has expressed to Lord Dufferin its appreciation of his thoughtfulness and generosity.

LIBRARY.

A library has been begun, and a circular issued asking for donations of books. About 100 volumes make up the present library, though there are a number more kindly given by Knox College, which have not yet been added. In our new Province, where books, even in private collections, are scarce, the necessity for additions to the library is a pressing one.

STUDENTS' LITERARY SOCIETY.

During the year a society was organized for reading, essay-writing and debating, and a reading room commenced by the society; a considerable number of periodicals are taken by the society.

PUBLIC OPENING.

The College public opening, and distribution of prizes took place on the 5th of January, and was a most interesting meeting. Addresses were delivered by Rev. W. C. Clark, Ph.D.; Profs. Bryce and Hart, and Rev. S. Donaldson, B.A.; the chairman, the Rev. J. Black, distributing the prizes. The matter of the application of the Presbytery of Manitoba to the Assembly, for leave to take certain students in theology under its care, to receive instruction in Manitoba College, having been brought under the notice of the Senate, the Senate is of the opinion that the following would be a suitable and comprehensive plan of study for these students for the four years proposed :—

1ST YEAR.	2ND YEAR.	3RD YEAR.	4TH YEAR.
Latin.	Hebrew.	Hebrew Exegesis.	Hebrew Exegesis.
Greek.	Greek Exegesis.	Greek "	Greek "
Ch. Hist. (O. T.)	Ch. Hist. (1-5 cent.)	Ch. Hist. (5-16 c.)	... ...
Paley's Evidences.	Butler's Analogy.	Homiletics.	Bible Criticism.
Reid's Essays.	Whately's Logic.	Syst. Theology.	Syst. Theology.
Study of the Gospels.			

The Senate is also of opinion that, with Profs. Bryce and Hart, the Rev. Mr. Black, and the minister of Knox Church, Winnipeg, it will be able to make satisfactory arrangements for the instruction required.

The Senate, in conclusion, beg to state that during the year much good work has been done, and that the students have shown their appreciation of their advantages by most satisfactory progress.

All of which is respectfully submitted.

GEORGE BRYCE,
Chairman of Senate.

REPORT OF THE SABBATH SCHOOL COMMITTEE.

The Committee on Sabbath Schools, in presenting their annual report to the Assembly, desire to acknowledge the goodness of God, and to render devout thanks for His blessing upon this important branch of the Church's work. The past year has not gone by without many manifest tokens of His favour. Greater interest is taken in Sabbath schools, and more of the Church's talents and energy enlisted year by year. The members of our congregations are beginning to feel that the Sabbath school enterprise demands from them more of prayerful effort and efficient support than they have hitherto given. More comprehensive and scriptural ideas are now entertained in regard to this department, which affects the vital interests of the whole Church. The Master has put it into the hearts of many to consecrate themselves to the blessed work of instructing the young; and the Canada Presbyterian Church is largely indebted to her noble band of Sabbath school teachers—her unpaid ministry—whose labours are being greatly blessed to the spiritual good of many.

During the past year a great deal of attention has been given to the more practical questions of Sabbath school teachings and the religious training of the young. In accordance with the recommendation adopted at last Assembly, many of the Presbyteries have either held Sabbath school conventions or given a *sederunt* to the consideration of Sabbath school work; and in each case it has been reported to your committee that the most lively interest has been taken in the discussions and deliberations. The Presbyteries of Guelph, Simcoe, Chatham, and Huron have had conventions, at which many of the most vital questions were discussed with marked interest and profit. As will be seen by the enumeration of the more prominent themes, and the subsequent decisions of Presbyteries, such points as the following were made the subjects of conference at these meetings.

1. The relation of the Sabbath School to the Church.
2. The special relation of Christian parents to the Sabbath School.
3. The qualification of Sabbath School teachers.
4. The character and duties of Sabbath School teachers.
5. How all Christians may co-operate in Sabbath School work.
6. Defects in Sabbath School management.
7. What are the requisites to a proper instruction and government of Sabbath Schools.
8. How best to interest the Sabbath Schools in missions, so as to secure their aid in the furtherance of them.
9. The music of Sabbath Schools.
10. The importance of doctrinal teaching, and of the Shorter Catechism as a text-book.
11. Are pic-nics, soirees, &c., conducive to the great end contemplated by the Sabbath School.
12. Practical suggestions as to the best methods of teaching.
13. The honour and dignity of the Sabbath School work.
14. The same lesson for all the classes in the school.
15. Teachers' meetings for the study of the lesson.
16. The place and purpose of the Sabbath School.

These formed some of the more important subjects of conference, and we have good grounds for believing that their discussion was attended with many beneficial results. On many of the topics elaborate and carefully prepared papers were read by members previously appointed, which produced a profound impression, and gave an impetus to many earnest workers.

The clerk of the Chatham Presbytery writes in reference to a conference held by them. He says: "The Conference was largely attended, and was of a very interesting and profitable character. The topics were discussed by a large number of Sabbath school teachers, as well as by members of Presbytery. At the close of the meeting the Presbytery resolved to put upon record its sense of the importance and beneficial effect upon teachers and others of conferences of the kind just held under its auspices. Considerable interest appears to be manifested in the Presbytery in connection with Sabbath school work."

The clerk of the Simcoe Presbytery sent your committee a report of a convention held by them in Collingwood, and also the minute of Presbytery anent the reception of said report. The following is the Presbytery's minute: "In receiving the Report of the Sabbath School Convention, held in Collingwood, we desire to express our high satisfaction with its success, with the lively interest taken in the proceedings by the delegates, as well as by the congregation in attendance; and further, we desire to express our strong and earnest conviction that such conferences are well fitted to awaken among our people a deeper interest in the welfare of the young, to stir up the teachers to greater diligence and devotion in their work, and, by a free interchange of thought, to shed more and clearer light on what are the best methods for carrying on our Sabbath school work; and further, we deem it desirable that a similar convention be held during the coming year at such time and place as the Presbytery may appoint."

Other Presbyteries, which did not hold conventions, gave a good deal of attention to the subject of the religious training of the young in their ordinary meetings, with probably equal benefit. The clerk of the Montreal Presbytery writes: "The Presbytery did not hold a conference, but Sabbath school work was touched in their Report on the State of Religion." I may just say that Sabbath school work is pretty well performed throughout the Presbytery of Montreal.

These are only a sample of the many gratifying returns made, which all go to show how much more prominently the religious training of the young occupies

the attention of our Church now than at any former time. And yet your committee feel that our Church has not hitherto realized the paramount importance of this great department of Christian labour. In order to do her work efficiently the Canada Presbyterian Church must exercise increased wisdom and care in calling forth and developing the special gifts of her people, and train them more efficiently for the high and glorious service of the Master in feeding His lambs. One prominent Sabbath school worker in our Church writes: "I wish our Assembly would appoint an agent in connection with Sabbath school work, and also devote one session to the consideration of the Sabbath School Report. I see in the United States the Assembly are to give a whole sederunt to a *Sabbath School Institute*, to be conducted by their agent. Our ministers and our Church are not alive to the importance of Sabbath school work in building up the Church. Our Church in future generations will depend very much upon what we do for the young just now."

Your committee did not deem it necessary this year to issue a series of questions to each session. This was done last year, and a full return given in, containing very important statistical information on the various items of interest, and they felt it would be a needless repetition to do the same this year. However, according to the recommendation of last Assembly, they expected statistical information to be furnished to them by the various Presbyteries, but none have been received with the exception of a carefully prepared table of statistics from the Guelph Presbytery.

For many years the need of a uniform series of lessons has been greatly felt. In last year's report your committee recommended the general adoption of that scheme of lessons known as the *International Series*, and they have now much pleasure in stating that this recommendation has been generally followed with very beneficial results. One great want which teachers have hitherto felt was the need of definite information on the special subject of their lesson. Many earnest teachers have a very limited knowledge of Scripture doctrine, and often feel embarrassed when required to meet their scholars with a lesson more than usually difficult. But this want is now amply supplied. The *International Series* is explained by so many eminent writers on Sabbath school work, and discussed from so many different stand-points, that no teacher now need remain ignorant of the subject; and this is one of the chief merits of the *Series*. It is the earnest wish, therefore, of your Committee, that all the schools adopt the International Series, and that each teacher be supplied with a paper in which the weekly lesson is explained. We can heartily recommend for this purpose, "THE PRESBYTERIAN AT WORK," "THE SUNDAY SCHOOL TIMES," or "THE SUNDAY SCHOOL WORLD," the notes in which, by the Rev. Dr. John Hall, are copied into "THE BRITISH AMERICAN PRESBYTERIAN." Many teachers have assured us that they have received great help from the study of the lesson as explained in these papers.

Many schools and teachers partially fail, not from any lack of interest or earnest desire, but from a lack of *method* and *exact knowledge* of their work. Your committee discussed at length the propriety of preparing a short *manual* of a few pages for the use of teachers, containing brief hints and specific directions on the practical points of their labours, and the convener was instructed to prepare a compend, but want of time prevented him. Still we deem the matter most important, and recommend it to the consideration of this Assembly. A brief summary of specific directions would prove of inestimable value to many of our younger and less experienced teachers. We also strongly urge the careful grading and classifying of the scholars when it can be done, and the thorough organization of the whole school. From the want of this, many of our schools, especially in the country, are less efficient than they should be.

Another great difficulty experienced is the procuring of suitable books for the Sabbath school library. In many instances, books quite unworthy find their way into the Sabbath school, and foster tastes which prove prejudicial to the scholar's religious training. Last year a partial list was published of books that had been examined and were thereby recommended. Your committee have

since sought to extend the list of Sabbath school books deemed suitable by them, and they recommend that it be published either in the pages of the *Record*, or else separately for distribution at the Assembly's expense, for they found that many of our teachers and elders were not aware that such a list had been published, being buried amid the profound secrets of the Assembly's minutes. While those well acquainted with books may make selections with comparative ease, with many it is a matter of great difficulty; and yet the kind of reading affects the whole character of the school. Too much value cannot be placed on a suitable selection of books for religious reading.

In most of our larger schools infant classes have been established in rooms separate from the main school, and instruction given by means of black-board exercises, object-lessons and illuminated texts. During the past year a large number of infant classes have been organized. It requires a combination of rare qualities to make an efficient teacher of an infant class; and where such teachers can be found in a congregation, their services are of inestimable value and should be secured at once. Your committee feel that much more attention should be given to singing than is usual in all our schools.

The Convener has examined certain catechisms for the use of the smaller children, and can recommend, as in his judgment one of the best, *A Catechism for Infants*, prepared a few years ago by Rev. J. Laing. To a teacher who wishes to make an intelligent use of it it will be of great service; and to those who do not wish to make their labour an intelligent service, no book or catechism will be of any avail.

1. Your committee ask the General Assembly to urge Presbyteries to give more attention to Sabbath school work within their bounds, to collect statistics, and send tabulated returns to the Assembly's convener.

2. They also recommend that Synods and the General Assembly give one *sederunt* to the consideration of Sabbath school work and kindred subjects.

3. We again recommend with increasing urgency the need of making certain of our Church services more adapted to the capacity of children; that occasional sermons be preached to the young; that the relative duties of parents and children be kept prominent, and especially the need of parents co-operating with Sabbath school teachers in the training and instruction of the young.

4. We feel the importance of training the young early to practical benevolence for the cause of Christ, and therefore recommend that our Sabbath schools be required to support two missionaries, one in the home and the other in the foreign field—the fields to be determined by this Assembly.

5. Your committee more than ever feel the need of mutual deliberation and concentrated action on this great subject of Church work, and urge upon this Assembly the necessity of appointing a convention for the purpose of discussing matters connected with our Sabbath schools, to which all ministers, elders, and teachers may be invited, to be held at such time and place as the Assembly may agree on.

In conclusion, your committee would ask the Assembly to urge upon teachers the need of keeping constantly in view the great end of all religious teaching in the immediate spiritual good of the young and their saving enlightenment in the knowledge of Christ, and the necessity of being earnest, definite and decided on all practical themes—always pointing to the "Lamb of God which taketh away the sin of the world."

All of which is respectfully submitted.

J. THOMPSON, *Convener*.

REPORT OF COMMITTEE ON SYSTEMATIC BENEVOLENCE.

The Committee on Systematic Benevolence beg leave to present the following report:—

Your committee, in accordance with instructions, prepared a pastoral letter, which was printed in the *Record*, and also in the form of a circular for more general distribution.

They have further to report that the Presbytery of Montreal have made arrangements for the writing and publishing of a number of tracts bearing on this subject. One of these, "On the Duty of Giving," by Professor Campbell, has, through the liberality of an esteemed elder—Mr. Warden King—been printed to the number of 25,000 copies, and sent to all our Presbyteries for circulation among the people. Other tracts will be prepared and issued, probably as soon as the funds shall be forthcoming to pay the expense of publication. Besides these, a fourteen page tract, entitled "A Plea for the Lord's Bag," by Rev. Dr. Burns, has been published by a benevolent individual, to the number of 10,000 copies.

Your committee are of opinion that a committee on systematic benevolence should be one of the standing committees of the Assembly.

We further express the hope that our people will shortly be so well instructed in the scriptural principles of giving, that hereafter none of the schemes of our Church shall suffer from the want of the necessary funds.

All of which is respectfully submitted on behalf of the committee.

RUFUS HOLDEN, *Convener.*

REPORT ON HOME AND FOREIGN RECORD.

Your committee have much pleasure in reporting that the circulation of the *Home and Foreign Record* has increased largely during the past year, and is still increasing. At the beginning of the year it was about 8,000; it is now over 12,600, showing an actual increase over the former year of 4,600, or nearly 60 per cent.

Your committee rejoice to find that the adoption by the Assembly of certain changes, recommended in their last report, has been attended with gratifying results. And in order to secure a still wider diffusion of missionary intelligence among our people, with a view to deepen their interest in the work of the Church, and to draw out their liberality in advancing the same, the committee would suggest—

1. That sessions and boards of management be strongly recommended to supply every family in their respective congregations with a copy of the *Record.*

2. That the conveners of the various mission committees of the Church be instructed to furnish the editor from time to time with such communications as will tend to enlarge the sympathies of our people with the different departments of work in which the Church is engaged.

Also that the editor, as formerly, be instructed to abridge, when he deems necessary, the reports of the proceedings of Presbyteries, in order that more space may be devoted to missionary intelligence.

All which is respectfully submitted.

D. H. FLETCHER, *Convener.*

REPORT OF THE COMMISSION

APPOINTED, BY THE GENERAL ASSEMBLY OF 1873, TO VISIT MANITOBA AND INQUIRE INTO EDUCATIONAL MATTERS.

ACTION OF GENERAL ASSEMBLY OF 1873, IN REFERENCE TO THE MANITOBA COLLEGE.

"At Toronto, and within Cooke's Church there, the ninth day of June, one thousand eight hundred and seventy-three, the General Assembly of the Canada Presbyterian Church met and was constituted. Sederunt, &c. *Inter alia.*

There was taken up and read a petition from certain parties in the town of Winnipeg, Manitoba, praying that the Senate of Manitoba College be empowered to make provision for the opening of classes for higher education in Winnipeg in connection with the College, pledging themselves to find suitable accommodation in the meantime, and hoping that in due season buildings may be erected worthy of the Church, the College, and the advanced condition of the Province.

There was read also a petition from inhabitants of the parish of Kildonan, Manitoba, representing the inexpediency and injustice of the proposals made in the former petition, and praying that the prayer of said petition be not granted; and that further measures be taken for the firmer establishment and fuller efficiency of Manitoba College at Kildonan.

Professor Bryce was heard in support of the Petition for the opening of classes in connection with Manitoba College at Winnipeg. Mr. John Black was heard in support of the petition from the parish of Kildonan.

The Assembly agreed that the petition be referred to the Committee, appointed to consider papers relating to Knox College and the Montreal College.

Attested as correct.

WILLIAM REID."

"At Toronto, and within Cooke's Church there, the twelfth day of June, one thousand eight hundred and seventy-three, the General Assembly of the Canada Presbyterian Church met and was constituted. Sederunt, &c. *Inter alia.*

In reference to the petitions from Winnipeg and Kildonan anent higher education, the Committee, appointed to consider said petitions, recommended that no change be now made, but that a Commission of two be sent to inquire into the case and report to next Assembly; and further recommend that Messrs. Robert Ure and William Cochrane be that Commission. The General Assembly adopted the recommendations of the Committee.

REPORT OF THE COMMISSION APPOINTED TO INQUIRE INTO EDUCATIONAL ARRANGEMENTS IN MANITOBA.

The Commission of the General Assembly charged to visit Manitoba, and to inquire specially as to the place or places in which teaching should be conducted in connection with the Manitoba College, beg to report that they visited the above named Province, and remained there from July 15th until August 19th, 1873; and that during that time they did, as well with a view of obtaining correct impressions of the state of the Mission field in that Province, as of promoting the specific end of their mission, visit the various congregations and mission stations, and that, with particular reference to the latter object, they met with the Presbytery, also with the Building Committee, and with the Board of Management of the Manitoba College.

In prosecuting their inquiries in regard to the College, the following are the points to which attention was chiefly directed; together with the statements of facts and opinions elicited in reference to them:—

I. The origin of the College, and the circumstances that led to its being placed where it now is in the parish of Kildonan.

Upon these points no information could be obtained from the Minutes of Presbytery; whatever was done in regard to them, was done informally and without being minuted. The testimony, however, of Mr. Black, who was then and who is still a member of Presbytery, was to the effect—That the project of establishing an institution of the sort now in existence had on more than one occasion been a subject of conference in Presbytery; that the desirableness of having such an institution was recognized by all; and that, in the event of its being proceeded with, the arrangement agreed to by all or at least objected to by none was that it should be placed in the parish of Kildonan.

In pursuance of what was understood to be the mind of the Presbytery, a certain number of gentlemen, chiefly connected with the Kildonan Congregation, formed themselves into a Building Committee. This Committee held its first meeting on the 25th of January, 1871, and soon afterwards the present College building was, under their auspices and management, commenced and carried forward to its present stage of completion.

II. Expenditure and indebtedness upon College Building.

The Building, although it has been for some time in use, is in an unfinished state. It is estimated that a further outlay of $700 would be needed to render it at all complete. As it now stands it has cost about $4,200, of which $1,484 is held by the Building Committee as a loan from the Hudson's Bay Company, the rate of interest being 8 per cent. per annum; the remainder, $2,716, was received as free contributions:—To wit, from

Kildonan in money	$860 00
Do. in labor materials	413 16
Bequest of which Kildonan Session had control	296 00
Hudson's Bay Co. Officials	395 00
Winnipeg	220 00
Portage la Prairie	102 50
Headingly	55 00
Little Britain	22 50
Ottawa	87 50
Proceeds of Concert	165 00
Total	$2,616 66

III. Attendance.—Number of pupils in attendance last Session, 1872-3, and the places from which they came.

There were in all 23 pupils; 13 being from Kildonan, 9 from Winnipeg, and 1 from Portage la Prairie.

IV. Whether the interests of the College, and the purposes for which it has been established, would be promoted by having classes taught in connection with it, both in Kildonan and in Winnipeg.

A compromise of this sort had been proposed by some parties, but it was not really acceptable to any one. The Presbytery expressed itself opposed to this scheme by a majority of five to four, holding that it would be against the interests of the College to have recourse to it under any circumstances. Those who at all favored the plan did so, not as believing it to be a good one, but from a desire to conciliate Kildonan interests. All interested in Kildonan, however, were at one with the majority of the Presbytery in rejecting the compromise, declaring that rather than agree to such a change they would prefer to have the institution removed from Kildonan altogether.

V. Whether in the event of the compromise above mentioned being set aside, the interests and usefulness of the College would be promoted by its removal to Winnipeg.

The state of opinion in the Presbytery on this question was as follows:

The affirmative was held by Messrs. Fraser and Donaldson, together with Professors Bryce and Hart, Ministers; and the negative by Messrs. Black and Matheson, Ministers, and Messrs. Sutherland and Harper, Elders.

In the Presbytery and elsewhere it was urged by those of the latter opinion, that a College building was already erected at Kildonan; that serious loss would be sustained by the parish in case the institution was removed, as in that event a building to which they have contributed liberally, and upon which a considerable debt still remains, would be thrown upon the hands of the Building Committee without there being a prospect of any use to which they could profitably appropriate it. Further, that the larger number of students have thus far come from Kildonan, and that the supply of pupils from this quarter would be seriously lessened by the suggested change; and finally, that parents in the country requiring to send their children from home for education might be expected to have on moral grounds a preference for Kildonan, which, as a country place, might be presumed to be, as compared to the town, freer from temptations to vice.

Those holding the former opinion stated that means would be adopted to prevent Kildonan from suffering any money loss by the proposed change. They also contended that the institution, if at Winnipeg, would be as accessible to a large proportion of the people of Kildonan as it is in its present position. And further, that an increased attendance would probably at present, and all but certainly in the future, be secured by the change; inasmuch as, while for various reasons the parish of Kildonan may be expected to decrease in population, the town of Winnipeg has trebled its population within the last three years, and still continues to increase rapidly; and finally, that it is anomalous to prefer, as the seat of such an institution, a country parish to the capital of the Province, especially as the latter has as yet no educational advantages of a higher order than those of the common school.

The above constitute the principal statements of fact and opinion brought under the notice of the Commissioners; and after a careful consideration of the whole circumstances of the case, they venture to express the following as the conclusions to which they have come:—

I. That it would be injurious to the efficiency of the College to divide the time and labours of its professors between Kildonan and Winnipeg.

II. That *Winnipeg*, and *not Kildonan*, is the place where the College should be situated. Whatever may have been the comparative claims of these places at the time the institution was first thought of, your Commissioners can have no doubt as to which of the two preference should be given under the changed circumstances of the country. The town of Winnipeg must soon be, if it has not already become, in strength and influence, the chief centre of Presbyterianism in the Province. The spirit and enterprise of the people of Kildonan in seeking to promote the interests of the higher education, and, in connection with these, the best interests of the Church, are deserving of all praise, and it is not without regret that a change is proposed which, if carried out, will inflict upon them serious disappointment.

Your Commissioners, however, see no other course open to them, having respect to the interests of the College and to the interests of the Church in the Province as a whole, except that of recommending as they hereby do recommend.

I. That the General Assembly enjoin that the teaching in connection with the College be conducted wholly in Winnipeg, so soon as an equitable arrangement can be effected in reference to the present building.

II. That the following be the arrangement in regard to the latter matter:—

1st. That the building be given to the parish of Kildonan to be used as a manse.

2nd. That the debt on the building, to the amount of $1600, be raised and paid in the proportion of one-third each by the following parties, viz: 1st, The parish of Kildonan; 2nd, The Board of Management of Manitoba College; 3rd, The General Assembly of the Canada Presbyterian Church.

All of which is respectfully submitted.

ROBERT URE.
WILLIAM COCHRANE.

In the Appendix will be found minutes of the Building Committee of Manitoba College, and Minutes of the Board of Management of Knox Church, Winnipeg, which documents were duly considered by the Commission before coming to the conclusions in the foregoing report.

APPENDIX.

MINUTES OF MEETING OF THE BUILDING COMMITTEE OF MANITOBA COLLEGE.

At Mr. John Fraser's, the 11th day of August, 1873, the Building Committee of Manitoba College met for the purpose of considering the present state of the institution, and specially its proposed transfer from the present site to the Town of Winnipeg, and for the purpose of reporting their views on the same to the Commissioners of the General Assembly, as by them requested, do hereby submit the following conclusions :—

That the Committee most reluctantly find themselves compelled to withdraw further opposition to the transfer of the College, for the following reasons :—

1. The Committee cannot see any way of raising the funds needful to pay off the debt of the College, say $1600, and to complete the Building, say $700 more. Because

(1.) The people of Winnipeg, having set themselves to accomplish the proposed transfer, can no longer be counted on to assist on raising the above named amounts; and as the other congregations of the Church are poor, no considerable sum can be expected from them, and that the whole burden of $2,300 is by far too much for Kildonan, however willing, to bear alone.

(2.) That the movement for the transfer has alienated the minds of so many, and induced such a feeling of insecurity about the whole matter, that any attempt to raise funds, the Committee feel assured, would be a total failure.

(3.) That from these and other causes, the confidence of the public in the permanency and efficiency of the institution has been so much shaken, that the Committee have reason to believe that many students who would otherwise have been sent to the College, will now be withheld even should it be left where it is, and that others will be sent to other institutions, as several have already been, and that therefore they cannot hope to secure such a number of students as to give fit employment to the Professors' or to meet the running expenses of the Boarding Department.

The Committee are aware that some of these reasons tell as strongly against the success of the College in Winnipeg as in Kildonan, but that they think is a matter rather to be considered by the promoters of the transfer than by themselves.

II. The Committee having concluded to abandon further opposition to the transfer, have to propose the following as the terms or conditions to which they are disposed to agree.

1. That the *Board* of the College should assume and become legally responsible for the debt.

2. That inasmuch as the Kildonan Congregation will sustain a serious loss and disappointment by the removal of the College from amongst them, and inasmuch as they contributed such a large proportion of the Building Fund, the Building as it stands shall be made over to the Trustees of the said Congregation, to be by them held for the Congregation's behoof and benefit, and used or disposed of as the Congregation may direct.

3. That in case the Board should prefer to remove the Building, then, in addition to the assumption of the debt as above, the Committee have to propose that the Board shall pay over to the Kildonan Congregation, or its lawful representatives, as compensation for their share in the building, the sum of $1,000, and that they, for their part, shall relinquish all claims to the remaining amount, making up their contribution to the building fund.

4. That in case of any of the subscribers outside of Kildonan or Winnipeg, feeling aggrieved at the removal of the College, should demand the return of their subscriptions, the Board shall undertake to meet their demands or otherwise arrange with them, and so relieve the Committee of all responsibility in the matter.

It is to be distinctly understood that the Committee hereby express only their own views as to what is best to be done in the circumstances, and what they are willing to recommend to the subscribers; but as they have not had an opportunity of consulting these, they are not prepared to guarantee that they will agree either to the transfer or the terms.

While the Committee, constrained by the necessities of their situation, reluctantly agree in these conclusions, they cannot but feel strongly that a great injury has been done to them and the people whom they represent by the movement producing that situation—a feeling deepened and intensified by the *manner* in which the evil was done.

WILLIAM FRASER, *Chairman.*

MINUTES OF MEETING OF BOARD OF MANAGEMENT OF KNOX CHURCH, WINNIPEG.

At an informal meeting of the Committee of Management of Knox Church, Winnipeg, Hon. A. G. B. Bannatyne, Chairman of the Board of Management of "Manitoba College," was called to the chair. Of the Board of Management there were present:—Messrs. D. Sinclair, G. McMicken, D. McArthur and Prof. Bryce. besides Messrs. G. McVicar, D. A. Campbell and Patterson. Prof. Bryce acted as Secretary. After the proposed change of the College from Kildonan to Winnipeg had been fully discussed, it was agreed to unanimously that for the relief of the parties responsible for the debt of $1600 on "Manitoba College," it is the opinion of the meeting that the Board of Management for the College should assume the debt.

In regard to accommodation to be provided, it was moved by G. McMicken, Esq., and seconded by D. McArthur, Esq., "That Prof. Bryce be commissioned to deal with Mr. C. J. Burn with reference to his building, to be rented when enlarged as proposed, for $600 per annum, for the period of two years.

This motion was unanimously carried.

GEORGE BRYCE,
Secretary, pro tem.

REPORT OF COMMITTEE ON AGED AND INFIRM MINISTERS' FUND.

Your committee, in presenting their annual report, have to call the attention of the Assembly to the fact that for the first time their expenditure exceeds their income. They were anxious to accumulate a small capital in order to enable them to give larger allowances, and to provide against a period which they saw must soon come unless the Church would take some decided action, when the expenditure would be in excess of the present income. This they regret has come. The number on the fund is growing steadily, and promises shortly to be very considerable; while the expenses of living always increasing, the amounts given, always small, are becoming sensibly of less value. Your committee deeply regret that the Church treats so lightly the claims of that portion of her ministers who are more or less incapacitated for ministerial labour, and of the congregations to which some of those ministers as, may we not say, are trying to minister, but with failing energy and diminishing usefulness. Some of our ministers do not even know that we get no share of the payments made by ministers to the Widows' Fund, and all the efforts your committee have made to get an increased income have yet met with no encouragement from the Assembly. Your committee hope that this Assembly will take the matter properly in hand, and at all events give it a separate collection or allow it to ask for one, and to do otherwise as it may see cause in order to promote its objects.

The committee, as directed by last Assembly, submitted to an actuary—Mr. Ramsay, of the Canada Life Assurance—the following questions: 1. How many ministers per hundred may be counted as likely to be on the fund? 2. What income may be needed per hundred ministers? 3. What income would the proposed rate afford? and lastly, to give any information which he might deem of value to the proper management of the fund. The regulations which were sent to him were unchanged from last year, except that it was proposed that no payment of less than $150 be made, and that the scale rise from that amount at the rate of $10 a year after ten years, as proposed in the regulations of last year.

Circumstances have prevented him giving hitherto the attention to the subject which he judges necessary. Your committee will, as soon as possible, make it known, if the Assembly allows, through the *Record*.

Your committee have, in addition to the annuitants of last year, three new names.

The names of annuitants and rates of payment are as follows:—

Mr. Smart, Brockville	$200 00
" Gordon, Gananoque	200 00
" Duff, Elora	200 00
" Fayette	200 00
" Coutts, Chingaucousy	200 00
Dr. Cairns	100 00
Mr. Melville	150 00
" Fotheringham	150 00
" Lochead	200 00
" Mackenzie. Embro	200 00
Principal Willis	400 00
Mr. Malcolm	140 00
" Cheyne, Saltfleet, etc.	200 00
	$2540 00

One of these has not been long on the list. All the others have drawn about a year's income, some of them more, on account of back payments due at the time of their admission, so that the amount paid this year, including expenses, is actually $2696 67, while the income is only $2629 6. Your committee, in view of the increasing claims, think that even should not the rates of payment be increased, and should they be relieved of the payment to Principal Willis, that they should not be asked to meet the demands of the current year with a less income than $3,000. They would much prefer if they had an increase of $6,000, and permission to deal liberally by those on the roll, provided that in no case should the grants exceed $400. Your committee, as directed by the last Assembly, paid Principal Willis the sum of $400, but they ask this Assembly to repay them this amount from the College Fund, because, 1st. This fund was originated and has been wrought hitherto expressly for ministers of congregations; and as the Principal was not pastor of a congregation in this Church, he has no claim on it. 2. At the time when his retiring allowance was fixed, it was meant it should be a charge on the College Fund. 3. Though exceptional cases are by the regulations of the fund reserved for the Assembly, it never was meant that the Assembly should be empowered to do more than merely to say who should be on it, while the rule has been to leave the committee to fix the allowance. 4. The Assembly acted in any case in a most unusual manner, if not beyond its competency, in ordering the committee to pay to the Principal out of its funds an amount equal to what any two ministers get from it, and $100 beyond what the present regulations allow to be given to any one, however necessitous his case may be.

Your committee also resolved, while ordering that the sum of $140 per annum be paid to Mrs. Malcolm, to recommend that she be put on the Widows' Fund, and that the amount advanced to her be repaid by that Fund, and that she rank as if she were a widow. Your committee have learned that there is a scheme on foot to raise a sum of money for her, and they do not feel called on to interfere with any scheme of private benevolence, but they would rather the Assembly would put them in such circumstances as to enable them to deal with the whole case, so that if possible Mr. Malcolm might be provided for in the Asylum.

Your committee were applied to by the Presbytery of Huron on behalf of Mr. Charles Fletcher, Goderich, and by the Presbytery of London on behalf of Mr. James Donaldson, Port Burwell. These cases, though widely different in their character, are both really clamant, but your committee were not able to deal with them, as they do not fall within the regulations, and therefore they refer them to the Assembly and ask its favorable consideration. If the Assembly allows, the committee are willing to give them a place on its roll.

Your committee has also been asked to sanction a scheme for raising the sum of $2,000, this sum to be invested: the interest devoted to the support of Mr. Carruthers, the capital at his death to fall into this fund. Your committee are favorably disposed to it, and will encourage it unless forbidden by the Assembly.

Proposed Regulations of Aged and Infirm Ministers' Fund.

1. That no one shall share in this fund who enters the ministry of this Church after reaching the age of fifty.

2. That in order to have a claim on this fund, each minister who has $600 or under from professional employment, must henceforth contribute yearly thereto fifty cents for every hundred dollars of said income, and each whose income exceeds $600 shall pay one dollar for every hundred.

3. That anyone who at the period of his settlement in a charge in this Church shall neglect to connect himself with this fund shall be dealt with as in arrears thereto. That for all arrears one-tenth additional must be paid, and that any one who for four years neglects to join, or having done so shall for that time again cease to pay, shall lose all interest in the fund, unless some solid cause is assigned, and that is certified to the committee by the Presbytery within whose bounds the person resides. Further, that notice be given to each before he is cut off; but that should the committee neglect to do so, that neglect does not prolong the defaulter's right.

4. That no Presbytery shall accept of a resignation if, as the result thereof, an application is to be made to this committee, until due diligence has been used to get from the congregation an allowance for the retiring minister, and the Presbytery shall, when making the application, satisfy the committee on this subject ere any grant is made.

5. That each who is admitted shall, if he has served ten years or under, receive at the rate of $150 a year. If he has served over ten years, he shall receive at the rate of $10 in addition for each year of said excess till the amount of $300 is reached.

6. That all ministers who serve 40 years, or till they have reached the age of 70, shall, if they retire in a proper and orderly way, receive the sum of $400 a year.

7. That each annuitant shall, at the beginning of April in each year, furnish the committee with a statement, certified by the clerk of his Presbytery, of the amount received by him on account of labour during the preceding year, and that no payment be made at that term till such statement is received, and that the committee may if they see cause diminish or withdraw the grant.

8. That if the income of the committee be not sufficient to meet the payments according to the scale here proposed, the commiteee shall reduce them all at the same rate.

9. Exceptional cases referred for the consideration of the Assembly.

ADDRESS TO HIS EXCELLENCY THE GOVERNOR-GENERAL.

TO HIS EXCELLENCY, EARL DUFFERIN, GOVERNOR-GENERAL OF THE DOMINION OF CANADA, &c., &c.

May it please Your Excellency,—

The Moderator and members of the General Assembly of the Canada Presbyterian Church, now in Session in this city, beg leave to approach your Excellency with this declaration of their loyal and devoted attachment to the person and government of Her Most Gracious Majesty Queen Victoria; and to assure your Excellency that they consider it an evidence of the wisdom by which the public acts of Her Majesty are distinguished, and of the deep interest which she takes in her Canadian subjects, that she made a choice of a nobleman of your Excellency's high character and abilities to be her representative in this Dominion.

They recognize the difficulties necessarily connected with the position which your Excellency has been called to occupy, as the ruler over so wide a territory, comprehending such a diversity of national origin and religious belief; and they beg to assure your Excellency of the cordial support of the people to whom they minister, in all your endeavors to uphold the authority of our beloved Queen in this part of Her empire, and to sustain the Institutions of the country and advance the interests of the people.

It gives them special pleasure to acknowledge your Excellency as a patron of learning and a supporter of the literary institutions of the country; and they humbly thank your Excellency for your generous gifts to one of the colleges of this Church, which they have no doubt will prove an incentive to the young men in the prosecution of their studies.

It is our prayer that "He by whom kings reign and princes decree justice" may ever guide you in the difficult and responsible duties of your high station, and that His blessing may descend on your Excellency's person and family.

In name and by appointment of the General Assembly of the Canada Presbyterian Church.

REPORT OF THE FINANCE COMMITTEE.

The printed statement of the general agent and treasurer for the schemes of the Church show the receipts for the various schemes of the Church. These come up in connection with the reports of the several standing committees, and need not be more specially dwelt upon here. It may simply be observed that about all the receipts are in advance of last year, except those for Knox College. Several contributions for this object have, however, been received since the accounts were finally closed. In regard to the Assembly Fund, the following special report is submitted:—

A meeting of the Finance Committee was held on the 25th July, 1873—the Moderator of Assembly in the chair.

It was agreed to aim at raising by assessment throughout the several Presbyteries the sum of three thousand four hundred and fifty three dollars, ($3,453), part of which was to cover the balance of last year.

The committee proposed to allocate the amount among the several Presbyteries in the following way, namely: The larger and more wealthy Presbyteries were expected to contribute at the rate of 8 cents per member, a number at 7 and the smaller at 6 cents. From the report of the general agent of the Church, it appears that the amount actually raised is three thousand and seventy-one dollars and eighty-seven cents, ($3071.87), and the payments, including balance at debtors at the beginning of the year, amount to three thousand six hundred and sixty-nine dollars and seventeen cents ($3669.17), leaving a balance of five hundred and ninety-seven dollars and thirty cents, ($597.30) still against the fund.

The committee, in estimating the amount required, had reason to think that in two years the amount of debt would be entirely removed: and on the whole the mode adopted has been so successful, that your committee would respectfully recommend to the Assembly that it be continued, urging upon each Presbytery at the same time to see that its specified amount be raised and forwarded.

All which is respectfully submitted.
